To Whom It May Concern:

Enclosed is a copy of the Final After Action Report/Improvement Plan for the Radiological Emergency Preparedness (REP) Hostile Action Based, Partial Participation Phase Exercise Pathway Exercise conducted on June 4, 2013, for the Donald C. Cook Nuclear Plant. The State of Michigan and the host county of Berrien participated in this exercise. The utility owner and operator, American Electric Power, Incorporated, also participated in this exercise.

No Deficiencies were identified for the State of Michigan or Berrien County during this exercise.

No Areas Requiring Corrective Action (ARCA)s were identified for the State of Michigan or Berrien County during this exercise.

There was one Area Requiring Corrective Action (ARCA) identified during a previous exercise which was redemonstrated by the State of Michigan during this exercise. The ARCA identified for the State of Michigan, number 44-12-401-A-01, was under Criterion 4.4.1 - The laboratory is capable of performing required radiological analyses to support protective action decisions, whereas the Michigan Department of Environmental Quality (MDEQ) Radiological Protection Laboratory (RPL) facility, equipment and staff did not demonstrate the capability to process, analyze and store radiological samples and report the results of their analysis in a timely and accurate manner. This ARCA was successfully re-demonstrated on June 3, 2013.

There were no Floating Issues identified for the State of Michigan or Berrien County during this exercise.

A detailed discussion of these issues can be found in Part IV of this report.

Based on the results of the June 4, 2013 exercise, the offsite radiological emergency response plans and procedures for the State of Michigan and Berrien County, site-specific to the Donald C. Cook Nuclear Plant can be implemented, and are adequate to provide reasonable assurance that appropriate measures can be taken offsite to protect the health and safety of the public in the event of a radiological emergency at this site.

Fema Wtc Final Report:

The Greatest Lie on Earth (Expanded Edition) Edward Hendrie, 2018-09-12 This book reveals the mother of all conspiracies It sets forth biblical proof and irrefutable evidence that will cause the scales to fall from your eyes and reveal that the world you thought existed is a myth The most universally accepted scientific belief today is that the earth is a globe spinning on its axis at a speed of approximately 1 000 miles per hour at the equator while at the same time it is orbiting the sun at approximately 66 600 miles per hour All of this is happening as the sun in turn is supposed to be hurtling through the Milky Way galaxy at approximately 500 000 miles per hour The Milky Way galaxy itself is alleged to be racing through space at a speed ranging from 300 000 to 1 340 000 miles per hour What most people are not told is that the purported spinning orbiting and speeding through space has never been proven In fact every scientific experiment that has ever been performed to determine the motion of the earth has proven that the earth is stationary Yet textbooks ignore the scientific proof that contradicts the myth of a spinning and orbiting globe Christian schools have been hoodwinked into teaching heliocentrism despite the clear teaching in the bible that the earth is not a sphere and does not move This book reveals the evil forces behind the heliocentric deception and why scientists and the Christian churches have gone along with it **FEMA's Delivery of Individual Assistance Programs, New York--September 11, 2001** United States. story of 9 11 to be a terror fraud Yet the mainstream media have monolithically failed to ask elementary questions about anomalies in this story So called alternative media have been little better Towers of Deception explains why and prescribes actions to break out the truth Authored by a lifelong journalist who was for thirty five years a media critic Towers of Deception provides twenty six exhibits of evidence proving beyond a reasonable doubt that 9 11 was an inside job It then presents case histories of de facto censorship by mainstream media and examines the psychological phenomenon of denial False flag operations and psychological warfare are dealt with in detail as is the invisible government the powers pulling strings behind the scenes Following a profile of Dr David Ray Griffin as an authentic prophet of the 9 11 truth movement Towers of Deception urges people to speak truth to power and challenge all media Interspersed with photographs diary entries and inspiring profiles of those who see 9 11 truth as the Achilles heel of the neocon agenda Towers of Deception includes a professional quality DVD produced by the author The Great Conspiracy The 9 11 News Special You Never Saw

terrorist attacks David Ray Griffin reviews the troubling questions that remain unanswered 9 11 Ten Years Later is David Ray Griffin s tenth book about the tragic events of September 11 2001 Asking in the first chapter whether 9 11 justified the war in Afghanistan he explains why it did not In the following three chapters devoted to the destruction of the World Trade Center Griffin asks why otherwise rational journalists have endorsed miracles understood as events that contradict laws of science Also introducing the book s theme Griffin points out that 9 11 has been categorized by some social scientists as a state crime against democracy Turning next to debates within the 9 11 Truth Movement Griffin reinforces his claim that the reported phone calls from the airliners were faked and argues that the intensely debated issue about the Pentagon whether it was struck by a Boeing 757 is quite unimportant Finally Griffin suggests that the basic faith of Americans is not Christianity but nationalist faith which most fundamentally prevents Americans from examining evidence that 9 11 was orchestrated by U S leaders and argues that the success thus far of the 9 11 state crime against democracy need not be permanent **The**

It unveils the hidden faces and ruthless powerful forces behind this exclusive global tragedy. It reveals how Afghanistan was turned into a battlefield in the mid-seventies using highly emotional religious slogan Jihad as a deceptive net and a Machiavellian tool to organize an international anti-communism front to destroy the USSR. Half Truth unveils how in the post USSR era once again same forces chose Afghanistan as a center stage to advance their hidden agenda of capturing the vast natural energy resources and precious metals of the Central Asia Caspian Afghanistan Pakistan and Middle East. 9.11: The New Evidence Ian Henshall, 2021-09-09 The original 9 11 Revealed attracted lavish praise from reviewers in the Daily Mail and Sunday Times for the huge gaps it exposed in the official 9 11 story. It became a non-fiction bestseller despite a wall of silence by the broadcast media and condemnation in a special web page set up by the US State Department. Since then the story has produced many sinister new twists including Pentagon whistleblowers have accused the Independent 9 11 Commission of lying long suppressed eyewitness testimony has been released confirming multiple explosions in the Twin Towers before and during their collapses the much vaunted video purporting to prove that Flight 77 hit the Pentagon showed nothing at all and

an analysis of terrorist trials and arrests since 2001 indicates that far from the 600 Al Qaeda sleeper cells in the US CIA there were none at all In this sequel to 9 11 Revealed Ian Henshall examines the precedents of black operations by the US UK from Northern Ireland to Italy from Vietnam to Kosovo he looks at the various 9 11 theories including the latest twists in the official story and tests them against the evidence Finally he asks what might happen when the storm of popular outrage collides with the regime in Washington and London and outlines the radical changes needed if Washington and London are ever again to function as genuine democracies

The Road to 9/11 Peter Dale Scott, 2007-09-04 Scott's brilliantly perceptive account of the underpinnings of American governmental authority should be made required reading The book vividly depicts the political forces that have pushed this country toward an abyss threatening constitutional democracy at home and world peace abroad Its central message can be understood as an urgent wake up call to everyone concerned with the future of America Richard Falk author of The Great Terror War Peter Dale Scott is one of that tiny and select company of the most brilliantly creative and provocative political historical writers of the last half century The Road to 9 11 further secures his distinction as truth teller and prophet He shows us here with painful yet hopeful clarity the central issue of our time America's coming to terms with its behavior in the modern world As in his past work Scott's gift is not only recognition and wisdom but also redemption and rescue we simply cannot do without Roger Morris former NSC staffer The Road to 9 11 is vintage Peter Dale Scott Scott does not undertake conventional political analysis instead he engages in a kind of poetics crafting the dark poetry of the deep state of parapolitics and of shadow government As with his earlier work Deep Politics and the Death of JFK Scott has no theory of responsibility and does not name the guilty Rather he maps out an alien terrain surveying the topography of a political shadow land in which covert political deviancy emerges as the norm After reading Scott we can no longer continue with our consensus driven belief that our so called liberal order renders impossible the triumph of the politically irrational Eric Wilson Senior Lecturer of Public International Law Monash University and co editor of Government of the Shadows Peter Dale Scott exposes a shadow world of oil terrorism drug trade and arms deals of covert financing and parallel security structures from the Cold War to today He shows how such parallel forces of the United States have been able to dominate the agenda of the George W Bush Administration and that statements and actions made by Vice President Cheney and Defense Secretary Rumsfeld before during and after September 11 2001 present evidence for an American deep state and for the so called Continuity of Government in parallel to the regular public state ruled by law Scott's brilliant work not only reveals the overwhelming importance of these parallel forces but also presents elements of a strategy for restraining their influence to win back the public state the American democracy Ola Tunander International Peace Research Institute Oslo A powerful study of the historic origins of the terrorist strikes of September 11 this book offers an indispensable guide to the gluttonous cast of characters who since Watergate and the fall of Nixon fashioned an ever more reckless American empire By exposing the corrupt U S deep state transfer of public authority to America's wealthy and to the

nation's unaccountable secret intelligence agencies Peter Dale Scott's *The Road to 9/11* illuminates the path toward a more democratic and inclusive republic David MacGregor King's University College at the University of Western Ontario *The Road to 9/11* provides an illuminating and disturbing history of the American government since World War II Scott's account suggests that the 9/11 attacks were a culmination of long term trends that threaten the very existence of American democracy and also that there has been a massive cover up of 9/11 itself This book which combines extensive research perceptive analysis and a fascinating narrative will surely be considered Scott's magnum opus David Ray Griffin author of *Debunking 9/11* *Debunking The America we knew and loved Can it be saved* That question opens this book and getting to the answer called for the honed intellect of a scholar and the sensitivity of a poet Peter Dale Scott has both in spades and here gives us much much more than a book about 9/11 In a time of fear he speaks for sanity and freedom Anthony Summers author of *The Arrogance of Power* [United States Code Congressional and Administrative News](#) United States,2003 Contains laws legislative history administrative regulations lists of committees proclamations executive messages and orders
