

It is said that the future is unpredictable. However, it does not mean that we cannot prepare and make plans for it. Having plans are like motivators; they guide us all along. I happen to have a clear set of goals and aims. It does not stop here, as there are plan Bs and Cs too. Being a college student, I am open to the thought of having much turbulence in life.

My education and career goals are somewhat elaborate. I want to get a business degree from the finest business school out there. In the long term, I expect to become a marketing manager. For this reason, I have started working as an unpaid intern in several marketing departments to get experience. Other than this, I am also offering free sales services. It will polish my negotiation skills as I ultimately want to be someone who runs a department.

Apart from the financial goals, I plan to visit the Grand Canyons. The adventurer inside me wants to experience an adrenaline rush in the wild. The plan does not end here as the mountaineer inside me wants to attempt a climb at Annapurna. I have been practicing mountain climbing all my life, which I have been looking forward to. Next year, I plan to visit Dubai. The famous base jump from Burj Khalifa is on my bucket list.</p>

Speaking of the bucket list, I want to marry Jill, my fiancé. We have been planning our wedding since forever. A house in the suburbs, two beautiful kids, and peaceful life is what I want. To give my family complete attention, I have started investing my savings in multiple businesses. So, in the long term, I will not have to worry about supporting myself and my family. Like the other adventures that I have planned, I want to go on multiple vacations with my family.

Future planning has helped me stay positive. It has aligned everything that I do with the more significant goals. Without this bucket list, I would have never wanted to work as an intern. The hustler inside me wants to go on all of the adventures, from the base jump and Annapurna to hosting a birthday party for my 2-year-old. My plans are huge yet achievable, and the catch is that I have to take every step mindfully and stay determined.
