Gabon English Edition:

Gabon Marc Aicardi De Saint-Paul, 2025-05-30 First published in 1987 and in English in 1989 Gabon provides an essential introduction to the geography history sociology economics and politics of Gabon in considerable detail It assesses Gabon's achievement the initiation of a national minimum wage of a campaign for women's rights of an advanced health and education policy and the political and economic dangers it still faces The smooth transition of Francophone Africa from colonies to republics was achieved largely because both sides benefitted In retrospect as Africa continues to be plagued by drought disease and poverty the advantages may appear to have been one sided Gabon is one of the few countries to have escaped the African poverty trap It's rapid emergence as an important oil producer and its stable independent political stance have made it an African success story Gabon incorporated and adapted much of the colonial administrative structure into its own republican constitution and began to redeploy its resources early on both these factors have allowed President Bongo to steer his country through the oil crises of the 70s and 80s This comprehensive volume is an important historical reference work for scholars and researchers of African Studies and African politics *Women Writers of Gabon* Cheryl Toman, 2016-10-07 *Women Writers of Gabon* Literature and Herstory demonstrates how the invisibility of women historically politically cross culturally etc has led to the omission of Gabon's literature from the African canon but it also discusses in depth the unique elements of Gabonese women's writing that show it is worthy of critical recognition and that prove why Gabonese women writers must be considered a major force in African literature This book is the only book length critical study of Gabonese literature that exists in English and although there are titles in French that provide analyses of the works of Gabonese women writers no one work is comprehensive nor is the history of women's writing in Gabon considered in the such a manner Throughout the various chapters the book explores among other things contributions that are unique to Gabonese women writers such as definitions of African feminisms as they pertain to Gabonese society the rewriting of oral histories rituals and traditions of the Fang ethnic group one of the first introductions of same sex couples in African Francophone literature discussions on the impact of witchcraft on development and the appropriating of the epic poetry known as the mvèt by women writers The chapters explore works by all major voices in Gabonese women's writing including Angèle Rawiri Justine Mintsa Sylvie Ntsame Honorine Ngou and Chantal Magalie Mbazoo Kassa and the book concludes with brief introductions of a younger generation of Gabonese women writers such as Edna Merey Apinda Alice Endamne Nadia Origo Miryl Eteno and Elisabeth Aworet among others Wisdom and Initiation in Gabon , Bonaventure Mvé Ondo, 2013-12-05 Wisdom and Initiation in Gabon A Philosophical Analysis of Fang Tales Myths and Legends is a study of the philosophical significance of Fang mythology and the rituals of Initiation that lead to Wisdom Bonaventure Mv Ondo argues that Fang tales myths and legends are components of the foundation of a worldview that sustains and protects a unique historical Fang identity For Mv Ondo the contemporary challenges to the existence and identity of the Fang require perhaps

more than ever recognition of the central role of mythology At an historical moment when Africans are faced with the challenges of westernization the metaphysics of the Fang illustrated and preserved by tales myths and legends is a critical element of Fang survival Mythology is far more than a collection of amusing or awe inspiring stories they are profoundly important moral lessons for the Fang in their continuing encounters with such contemporary challenges as materialism and as the stories in this book illustrate the constant struggle to live lives of purpose and meaning For Mv Ondo the critical central issue for the Fang is to focus on the distinction at the heart of his analysis i e the crucial distinction between to have and to to be The lessons transmitted from generation to generation by these marvelous stories are Mv Ondo argues central to living lives that reflect and perpetuate the eternal truths of the Fang experience *The Report: Gabon 2011* ,

Psychiatric Power Michel Foucault,2008-06-24 In Psychiatric Power the fourth volume in the collection of his groundbreaking lectures at the Coll ge de France Michel Foucault addresses and expands upon the ideas in his seminal *Madness and Civilization* sketching the genealogy of psychiatry and of its characteristic form of power knowledge *Madness and Civilization* undertook the archeology of the division according to which in Western Society the madman found himself separated from the sane That book ends with the medicalization of madness at the beginning of the nineteenth century Psychiatric Power continues this discourse up to the end of the nineteenth century and the double depsychiatrization of madness now dispersed between the neurologist and the psychoanalyst Presented in a conversational tone Psychiatric Power brings fresh access and light to the work of one of the past century s preeminent thinkers *Functions: From Organisms to Artefacts* Jean Gayon,Armand de Ricqlès,Antoine C. Dussault,2023-07-25 This book originally published in French examines the philosophical debates on functions over the last forty years and proposes new ways of analysis Pervasive throughout the life sciences the concept of function has the air of an epistemological scandal ascribing a function to a biological structure or process amounts to suggesting that it is explained by its effects This book confronts the debates on function with the use of the notion in a wide range of disciplines such as biology psychology and medicine It also raises the question of whether this notion which is as old in the history of technology as it is in the life sciences has the same meaning in these two domains

Corps Volunteer, 1970 **Translation Revisited** Mamadou Diawara, Elísio S. Macamo, Jean-Bernard

Ouédraogo, 2019-01-17 How realistic is it to expect translation to render the world intelligible in a context shaped by different historical trajectories and experiences Can we rely on human universals to translate through the unique and specific webs of meaning that languages represent If knowledge production is a kind of translation then it is fair to assume that the possibility of translation has largely rested on the idea that Western experience is the repository of these human universals against the background of which different human experiences can be rendered intelligible The problem with this assumption however is that there are limits to Western claims to universalism mainly because these claims were at the service of the desire to justify imperial expansion This book addresses issues arising from these claims to universalism in the process of producing knowledge about diverse African social realities It shows that the idea of knowledge production as translation can be usefully deployed to inquire into how knowledge of Africa translates into an imperial attempt at changing local norms institutions and spiritual values Translation in this sense is the normalization of meanings issuing from a local historical experience claiming to be universal The task of producing knowledge of African social realities cannot be adequately addressed without a prior critical engagement with how translation has come to shape our ways of rendering Africa intelligible

The passing of the great race; or, The racial basis of European history Madison Grant, 2022-08-21 In The Passing of the Great Race or The Racial Basis of European History Madison Grant presents a controversial examination of race as a dynamic force shaping European history Published in 1916 this work employs a blend of historical narrative and

pseudo scientific analysis reflecting the eugenics movement prevalent in early 20th century America Grant's literary style is characterized by a polemical tone utilizing a mix of sociological argumentation and historical anecdotes which captivates the reader while simultaneously challenging deeply ingrained societal beliefs Grant posits that the success of Western civilization is fundamentally tied to the preservation of what he deems the Nordic race presenting a stark warning against the perceived dangers of racial mixing Madison Grant an American lawyer and prominent figure in the eugenics movement wrote this book within a context marked by a burgeoning interest in racial purity and anthropology His social standing and involvement with organizations such as the American Museum of Natural History influenced his ideologies imbuing his arguments with a veneer of scientific legitimacy that would later foster debate and controversy Grant's perspectives reveal the unsettling intersection of science ideology and social policy in the early 20th century This book is essential for those seeking to understand the historical underpinnings of racial theory and its pervasive influence on modern thought Although the ideas presented are contentious they offer a critical lens through which to analyze the social constructs surrounding race Readers interested in history sociology and the evolution of racial ideologies will find Grant's work both provocative and enlightening

Journal Missouri State Medical Association, 1911 The Primeval Forest Albert Schweitzer, 1998-07-31 In July of 1913 38 year old medical doctor Albert Schweitzer gave up his position as a respected professor at the university of Strasbourg and celebrated authority on music and philosophy in order to go as a physician to French Equatorial Africa First published in 1931 THE PRIMEVAL FOREST is Schweitzer's own fascinating story of these eventful years a story rich in human interest and high drama The Farther Frontier Lysle E.
