A New Italian Grammar, in English and Italian ... By Gaetano Ravizzotti .. Second Edition Gaetano Ravizzotti, 1799

Strange Red Ground (English Version) Ronny Eckert, 2018-02-12 A British medical student fights for survival after an apocalypse unleashed by microbes from Mars and follows a radio message promising food and shelter for all. He fights his way through countries and continents where he encounters various dangers but also friends who accompany him to his destination. Summary: In 2034 the first space company succeeds in bringing soil samples from Mars to Earth. Scientists start by extracting the rock samples and encounter microbes. Humanity celebrates this discovery until the world suddenly changes. Plants die and food becomes scarce. The wealthy retreat into biospheres and leave the rest of humanity to themselves. Jim, a medical student and his family, are trying to serve up the onset of the apocalypse in the house. But the riots and looting are increasing dramatically. So Jim is looking for a hiding place for himself and his family in the nearby forest to escape the pack. When he returns, all people have disappeared without a trace.

Great African Travellers: From Mungo Park to Livingstone and Stanley William Henry Giles Kingston, 2019-11-26 In *Great African Travellers: From Mungo Park to Livingstone and Stanley* William Henry Giles Kingston meticulously chronicles the daring expeditions of renowned explorers who traversed the African continent. The book is written in a vivid narrative style that marries adventure with a rich historical context, making it both captivating and educational. Kingston examines the perilous journeys undertaken by figures such as Mungo Park, David Livingstone, and Henry Morton Stanley, providing insights into their motivations, cultural encounters, and the geographical mysteries they aimed to unravel. This anthology not only celebrates their triumphs and tragedies but also emphasizes the profound impact of their discoveries on the Western perception of Africa during the 19th century. Kingston, a British author and a keen maritime adventurer, draws on a wealth of knowledge from his own explorations and fascination with travel literature. Born in 1814, he had a keen interest in both the sea and colonial ventures, which likely cultivated his appreciation for the great journeyers of his time. His extensive background in writing, especially related to maritime themes, informs the descriptive richness and depth of character found in this work, allowing readers to grasp the physical and emotional trials faced by these trailblazers. This book is highly recommended for anyone interested in the history of exploration and travel narratives. Kingston's engaging prose and attention to detail not only illuminate the lives of these remarkable adventurers but also invite readers to reflect on the broader implications of their explorations. *Great African Travellers* is an essential read for scholars, students, and lovers of history alike, offering a compelling glimpse into the world of exploration during a transformative era.
