

First published in 1975, *Reading Greek* has become a best-selling two-year introductory course in ancient Greek for students and adults. It combines the best of modern and traditional language-learning techniques and is used widely in schools, summer schools and universities across the world. It has also been translated into several foreign languages. This volume contains a narrative adapted entirely from ancient authors, including Herodotus, Lucipides, Aristophanes and Demosthenes, in order to encourage students rapidly to develop their reading skills. Generous support is provided with vocabulary. At the same time, through the text and numerous illustrations, students will receive a good introduction to Greek culture, and especially that of Classical Athens. The accompanying *grammar and exercises* volume provides full grammatical support together with numerous exercises at different levels, Greek-English and English-Greek vocabulary, a substantial reference grammar and language surveys.
