

Early Jamestown Dbq Essay

In 1607, English settlers came to America to create a colony and make money. English investors helped pay for settling the James River colony. Although, 70 colonists died in the first six months. The colony known as Jamestown was settled along the Chesapeake Bay. The land inhabited by Native Americans called the Powhatans. The tribe was ruled by chief Wahunsonacock. Many of the first settlers were young, very poor, and male. So many colonists died in Jamestown from 1607 to 1611 due to the harsh environment, diseases and starvation, and the attacks from the Native Americans. The harsh environment played a significant role in the death toll of the English colonists. In Document A, it says, "the adjacent river and creeks became brackish as water levels rose, reliable sources of fresh water would have been scarce by the seventeenth century." Brackish water is a combination of saltwater and freshwater. This type of water is unsanitary and unsafe to drink. When people drank the brackish water, the person's body would reject the water and they would get sick. With the lack of medicine and doctors, these sick people started to die. Also in Document B, it shows that through 1607 and 1612, Jamestown was going through a severe... [Show more content on Helpwriting.net](#) ...

The Powhatans were not happy that the English were moving in on to their territory and claiming it theirs. In Document E, it says that a total of 218 settlers were killed by or because of the Native Americans. The reason why the Native Americans killed so many settler was because of Francis West. In Document D, it says, "Through West wa able to load his (small ship) with grain, the success involved 'some harshe and Crewell dealinge by cutting of towe (two) of the Salvages heads and other extremityes.'" The Native AMericans were very unhappy with the way the settlers treated them during the trade so, they decided to retaliate and attack multiple times on the English
