Fall and Recovery Joanne De Simone,2025-07-30 Special educator Joanne De Simone bears all in this raw and transformative memoir that captures how she used lessons of modern dance in her journey through motherhood with two children with disabilities

When the pediatrician places the measuring tape around her infant's head and notes His head is a little small Joanne knows that motherhood won't be as she had dreamt Even as a special educator Joanne isn't prepared to raise a child with a life limiting brain malformation Nor is she ready for the compounded pain and alienation that comes when her second son is diagnosed with autism But the struggle to balance her sons medical and educational challenges drives Joanne to reconnect with the lessons she learned as a modern dancer and there she finds enlightenment Inspired by her experience performing Jos Limón's *There Is a Time* based on Ecclesiastes 3 each chapter of Fall and Recovery details a dance lesson and the dichotomy of parenting children with disabilities Over time Joanne discovers that surviving motherhood isn't a matter of strength bravery or faith It's a matter of linking your past experiences and creating your own purpose It's realizing that we live simultaneously in love and grief In the end dance teaches Joanne not only how to move freely through pain but also how to fall and recover
