Birch, Lina M. Svedin, 2024-02-09 The beautiful picture of brothers in arms vanquishing a tyrant The power of a well orchestrated army and navy winning historic battles Overwhelming military might and ability through teamwork This is how the US military services portray themselves to the public and to their own service members through official doctrine However under the veneer of jointness deeply fraught processes are at play Frequently the services think more about protecting organizational turf than about national security and maintaining an advantage against the United States external adversaries Uniting US military services is a difficult endeavor that becomes even more so the farther from a battlefield and the higher up the command structure the unifying needs to happen In *The Collaborative Fight* Paul R Birch and Lina M Svedin examine cases of institutional jointness among US military services from the late nineteenth century into the twenty first century They draw actionable conclusions for practitioners in the defense establishment while giving examples of successful joint cooperation that overcame the difficulties inherent in pursuing it Even the successful cases that Birch and Svedin discuss show that the US military services face bureaucratic incentives and organizational leadership issues that make battlefield cooperation less than ideal Birch and Svedin adeptly translate theory and history into approaches useful to practitioners in the field while examining the theoretical framework outlining the drivers in joint military cooperation      **Aviation Contaminated Air Reference Manual** Susan Michaelis, 2007 The Aviation Contaminated Air Reference Manual is the first ever fully referenced 800 page summary of the complete aircraft contaminated air issue in which crews and passengers have been exposed to oil and hydraulic fumes in aircraft cabins The reference manual which is the result of nearly ten years of research is aimed at policy makers doctors scientists air accident investigators engineers crews passengers airline and union representatives politicians and media involved or interested in any aspect of the contaminated air debate on commercial and military aircraft      **Aircraft Accident Report** ,197?      **Mergent Industrial Manual** ,2003      **Moody's Transportation Manual** ,1995      **Mergent Bank & Finance Manual** ,2003      *Buying the Big Jets* Paul Clark, 2016-04-15 Selecting the right aircraft for an airline operation is a vastly complex process involving a multitude of skills and considerable knowledge of the business *Buying The Big Jets* was first published in 2001 to provide guidance to those involved in aircraft selection strategies This Second Edition brings the picture fully up to date incorporating new discussion on the strategies of low cost carriers and the significance of the aircraft cabin for long haul operations Latest developments in aircraft products are covered and there are fresh examples of best practice in airline fleet planning techniques The book is essential reading for airline planners with fleet planning responsibility consultancy groups analysts studying aircraft performance and economics airline operational personnel students of air transport leasing
