Making Students More Successful!

Gaba Mathematics is the enriched edition of highly successful series of nine textbooks which form a complete pre-primary and 0-8 Mathematics package based on new syllabus requirements. Drawing from extensive research and feedback, the enriched edition has further strengthened a deeper understanding of key mathematical concepts and introduced several new features through clear explanations and sound supporting examples to use them confidently in the learner's everyday life experiences.

Salient features of this series are:

- The series comprehensively covers the learning objectives in the latest curriculum framework.
- Special consideration is given to the learning needs and preference of the learners.
- Mathematical concepts are clearly explained and spiralled with examples.
- Examples are drawn from real-life situations.
- Concepts and key skills within each unit are designed in a structured and step-by-step manner.
- The series is written by an authors team with extensive experience of both teaching and writing mathematics textbooks.
- Learning objectives have been suggested while introducing the topics.
- A wide variety of interesting and challenging exercises are given at frequent and appropriate junctures.
- Guidance has been given for problem solving techniques.
- The sequencing of concepts is not linear, but spiral for comprehensive coverage of the subject.
- For direct assessing students' learning outcomes, a list of short conceptual questions are provided under the heading "Assessment".
- The precise text, colourful illustrations and pictorial depiction of concepts succeed in positioning the series as distinctly superior.
