Blackjack Card Counting - How to be a Professional Gambler Greg Elder,2013-03-04 How to become a professional blackjack card counter The good news is you don t have to be a mathematical genius to learn how to count cards the bad news is many of the Hollywood movies depicting the life of a card counter as fast cash and penthouse suites make it all seem a little too easy This book will give you a realistic look at what it takes to be a professional card counter I will take you step by step through the entire process As a former educator I came up with a simple progressive learning model using a basic Hi Lo level one count system that in combination will make it much easier for you to learn how to count cards I broke the entire system down to make it as easy as possible so you can get into the casino quicker Many times people do not even attempt to learn card counting because they think it is too hard If they do attempt it they get frustrated after a short time because the system is so complex they get lost in the mathematics The only two things you need to be able to do to learn card counting are memorize and practice This book isn t filled with hypothetical theories it shows you the exact steps you need to take to learn to count cards Now don t get me wrong learning everything in this book will not be easy but most people can do it if

they dedicate themselves to learning However card counting is much more than simply learning the process the hard part is finding the right games and not being detected by the casinos Those areas will be covered as well Don t worry the courts have ruled that counting is not cheating or illegal but in Vegas they can throw you out because it is a private establishment not because you are doing anything wrong Counting cards is simply using your mind in a game of skill If using your mind is cheating than I don t know how else to play This book is for those of you familiar with blackjack that want to find out what card counting is all about If you re tired of losing and are ready to take your game to the next level so you have the advantage over the casino this book is for you If you can already count cards you may pick up a few tips here and there but you probably already know most of the content in the book [I Am A Card Counter](#) Frank Scoblete,2014-05-01 With the help of the easy to master steps in this book even a novice gambler can go from being a traditional blackjack player to a card counter an advantage player with a true edge over the house For a dozen years Frank Scoblete was a devastating card counter consistently beating casinos in Las Vegas Atlantic City and Tunica Mississippi and angering the casino bosses by knowing more about how to win money than almost anyone who ever challenged a casino He employed sophisticated methods including card counting and little known advantage play techniques to turn the tables on the house Now Frank known as an icon of the gambling industry shares with readers everything he knows about beating casinos at blackjack including techniques for one two four six and eight deck games such as end play the fat finger method card groupings and several card counting systems that are easy to learn but powerful and effective to play I Am a Card Counter is an essential resource for any gambler looking to succeed at the blackjack table **The Little Black Book of Casino Games** John Hartley, Belly up to the gaming table with your personal ace in the hole You ve hit the jackpot with this ultimate quick gambling reference The Little Black Book of Casino Games The Smart Player s Guide to Gambling boosts your odds of winning by giving you the skinny on house advantage and game protocol for a wealth of casino games including Baccarat Blackjack Craps Keno Poker Roulette and much more *Blackjack: Play Like The Pros* John Bukofsky,2006-08-01 A savvy comprehensive text that covers the essentials of winning blackjack from soup to nuts Don Schlesinger author of *Blackjack Attack* Playing the Pros Way Blackjack gives you the best odds of any casino game and armed with a little know how you can obtain an advantage Let veteran player and expert card counter John Bukofsky show you how So you want to be Rain Man but just can t seem to instantly divide eight zillion by your shoe size No problem neither can the world s best blackjack players But what they can do is work some simple techniques to increase their chances at the one game that already offers better odds for winning than slots craps roulette or any other Bukofsky explains all you need to know from the basics of game play and strategy to card counting at the professional level so you can actually gain an advantage over the house *Blackjack Play Like the Pros* also provides helpful information on other important aspects of the game including Betting and bankroll Casino countermeasures Camouflage techniques Plus a special section devoted to negative swings the number one reason

why many players end up leaving the game Beating the casinos at their own game isn't easy But it can be done and Blackjack Play Like the Pros can increase your chances of walking out a winner Bukofsky is an excellent writer whose hold your hand style makes it easy for the reader to master sequentially the skills needed to become a successful player Many blackjack books skim on details especially when it comes to the mathematics of the game or complete card counting systems Not so here I highly recommend it Don Schlesinger author of Blackjack Blackjack Secrets Jay Moore, 2011-07-27 The result of thirty years experience playing and winning Jay Moore's new book Blackjack Secrets offers rules that are of deciding importance in everyday play Even if you don't know anything else about blackjack if you follow these tips your game will improve and you are more likely to win Know when to stand when to hit when to double and when to split Casino blackjack is a huge amount of fun even more so when you have the confidence that will come with knowing the secrets of an experienced gambler Discover the key to keep the cash flowing in and the good times rolling with Blackjack Secrets The Illustrated Guide to Blackjack Dennis Purdy, 2007 Former gambling pro Dennis Purdy demonstrates the right move to make in every possible blackjack scenario using real game situations and solutions to test and hone reader's skills In over 150 fully illustrated pages Purdy not only reveals the best plays for each hand he shows why they work with clear concise logic user friendly charts and a unique flashcard format that makes each lesson stick Mastering essential strategies is easy for beginners and intermediate players alike **Powerful Profits from Blackjack** Victor H. Royer, 2002 The first instalment in the Powerful Profits From gambling series provides a step by step guide to understanding the modern world of casino blackjack providing information on navigating recent innovations in the game such as the use of shuffling machines side bets and rule changes Royer reveals the inner working of the game the various ploys used by the casinos as well as various methods of play Now everyone can learn to beat the casinos at their own game
