Annual Report Marshall Islands. Ministry of Education, 2005

## **Comprehensive Curriculum for Gifted Learners**

Joyce VanTassel-Baska, 1994 Focuses on all the issues that teachers and administrators need to know about gifted learners

This text covers the process of curriculum development adaptation of traditional content areas and non traditional

curriculum areas like thinking skills leadership and the arts and humanities Educator's Guide to Grants, The Dr. Linda

Karges-Bone, 2011-09-01 Do you need funds for a pre school autism program Uniforms for the girls cross country team

Funding for a childhood obesity or literacy program Dollars to help teachers learn to use interactive white boards or travel

for study abroad *Empowering Teachers for Equitable and Sustainable Education* Maria Teresa Tatto, 2024-04-16 This

groundbreaking book uses a comprehensive study of a novel Master of Education program to showcase how teachers can be

engaged in authoritative equity based research using comparative education theory inquiry based pedagogy and the

UNESCO SDGs as powerful frameworks By developing agency to advance culturally sustaining and humanizing practices it

demonstrates how teachers can promote equity in their classrooms and communities The central premise of the program is

that teachers must become comparative global and local action researchers to have agency in their practice and to become

effective advocates for the cultural and learning needs of their students especially those in disadvantaged contexts or

learning at the bottom of the pyramid By learning comparative framing and social science methods reviewing the literature

to select verifiable educational research and developing and implementing a plan for action research this book offers new

ideas for how teachers can effectively respond to recent UNESCO calls to reimagine and create promising futures locally By

providing formative and summative evidence of culturally and socially transformative learning and showcasing how teacher

educators can engage teachers in authoritative justice inquiry based research this book will appeal to scholars faculty and

researchers of comparative education and teacher education and development , *Teach Reading, Not Testing* Liz

Hollingworth, Hilleary M. Drake, 2012 Teaching IS rocket science and you are the pilot Teach Reading Not Testing reinforces

what teachers already know test preparation worksheets and drill and kill activities do not make children into lifelong

readers The authors conscientious approach to reading instruction combines an insider perspective on the development of

high stakes tests with classroom experience in achieving successful reading outcomes at the elementary and secondary levels

Their research based methodology building on teachers expertise about best practice is based on five key components

Aligning instruction to the state or national core standards Using formative assessment Connecting units to real world

contexts Motivating students effectively Holding on to best practice in literacy instruction Included are end of chapter

quizzes and real life scenarios plus a full chapter on teaching literacy with special populations Readers will find helpful

solutions for teaching children to love reading in the midst of the accountability movement and an approach to test

preparation that doesn't require teachers to sacrifice everything they already know about teaching kids to read
