Nouns have a gender ← Text Callout

B. Nouns

All nouns in Spanish have a gender, meaning that they are either masculine or feminine. Most nouns are masculine, while most that end in -a are feminine. Beyond gender, nouns also have a number, meaning either singular or plural.

C. Definite Articles

While "the" is the only definite article in English, in Spanish there are four forms of the definite article: el (masculine singular), la (feminine singular), los (masculine plural), and las (feminine plural). Examples of definite articles used with nouns include el libro [the book]; la mesa [the table]; los cuadernos [the notebooks, or the workbooks]; las señoras [the women]. When the preposition de [of] is followed by the definite article el, de + el contracts to del. So, El cuaderno del curso is "The workbook of the course," or "The course's workbook."
