How to Get a Paper Published in Academic Journals Ganesh Jaganathan, 2024-01-03

This book provides complete coverage of the logical thinking, the performance of experiments, and the data analysis that is involved in the writing of a paper, as well as the actual writing of it. More specifically, it includes details about improving writing and a step-by-step guide illustrating the process of thinking, writing, and polishing the paper regardless of major. Simple examples are given to help understand the complexity of writing and pinpoint what aspects journals look for in papers. The last few chapters include common mistakes and frequently occurring problems in data analysis and writing and how to rectify them. For students from undergraduate to PhD levels and those new to publishing a paper in international journals or struggling to write one, the contents of this book are invaluable. It is also beneficial to those aiming to write and publish in English if it is not their first language.
