In the Event of Women Tani Barlow,2021-09-20 In the Event of Women outlines the stakes of what Tani Barlow calls the event of women Focusing on the era of the late nineteenth century through the mid twentieth century s Cultural Revolution Barlow shows that an event is a politically inspired action to install a newly discovered truth in this case the mammal origins of human social evolution Highbrow and lowbrow social theory circulating in Chinese urban print media placed humanity s origin story in relation to commercial capital s modern advertising industry and the conclusion that women s liberation involved selling buying and advertising industrial commodities The political

struggle over how the truth of women in China would be performed and understood Barlow shows means in part that an event of women was likely global because its truth is vested in biology and physiology In so doing she reveals the ways in which historical universals are effected in places where truth claims are not usually sought This book reconsiders Alain Badiou s concept of the event particularly the question of whose political moment marks newly discovered truths Reading Marx in the Information Age Christian Fuchs,2015-10-23 Renowned Marxist scholar and critical media theorist Christian Fuchs provides a thorough chapter by chapter introduction to Capital Volume 1 that assists readers in making sense of Karl Marx s most important and groundbreaking work in the information age exploring Marx s key concepts through the lens of media and communication studies via contemporary phenomena like the Internet digital labour social media the media industries and digital class struggles Through a range of international current day examples Fuchs emphasises the continued importance of Marx and his work in a time when transnational media companies like Amazon Google and Facebook play an increasingly important role in global capitalism Discussion questions and exercises at the end of each chapter help readers to further apply Marx s work to a modern day context Like a Lily Among Thorns Inno Chukuma Onwueme,2014-03-24 Awarded RECOMMENDED status by US Review of Books Awarded FIVE STARS by Readers Favorite Reviews Imagine yourself having one foot planted on one continent while the other foot is on another continent A huge transformational step isnt it Thats precisely what Inno Onwumes early life story does One foot is planted firmly in the traditional African village where age old customs mingle with poverty disease ignorance and deprivation The other foot pivots tantalizingly in 1960s California at the cutting edge of western civilization Here searing social and political upheavals of global significance were shaking the very foundations of modern America and the world Add to the mix a second dimension where your journey starts with a decade of colonial rule and extends through the first decade of post colonial independence straddling both eras And did we mention a civil war and his becoming a refugee It was a time of great fomentation personally nationally and globally Read this engaging story and enjoy it as a thrilling novel richly spiced with African proverbs Then pinch yourself and recall that this is not fiction It all truly happened This was a real life being lived in exciting times Challenge yourself to explore how the changes of the political transition intertwined with Professor Innos transformation from an African village boy to a cosmopolitan man in America Marvel at how the history of an era was acted out in microcosm by this village boy LIKE A LILY AMONG THORNS takes global and national metamorphosis down to the personal level It invites you to see history in a new light **Transitions to Post-School Life** Margarita Pavlova,John Chi-Kin Lee,Rupert Maclean,2017-11-16 This book addresses growing reservations about the relevance of educational systems to the economic and social needs of individuals by examining different aspects of transitions from school to work or further studies within formal and informal settings in Asia Highlighting important issues such as selectiveness and inclusiveness integration of transversal competencies vocationalisation of secondary schooling approaches to career guidance and emerging models of student support it is of

Global Imperialism and the Great Crisis Ernesto Screpanti,2014 In this provocative study economist Ernesto Screpanti argues that imperialismOCofar from disappearing or mutating into a benign OC globalizationOCOOCohas in fact entered a new phase which he terms OC global imperialism OCO This is a phase defined by multinational firms cut loose from the nation state framework and free to chase profits over the entire surface of the globe No longer dependent on nation states for building a political consensus that accommodates capital accumulation these firms seek to bend governments to their will and destroy barriers to the free movement of capital And while military force continues to play an important role in imperial strategy it is the discipline of the global market that keeps workers in check by pitting them against each other no matter what their national origin This is a world in which the so called OC labor aristocraciesOCO of the rich nations are demolished the power of states to enforce checks on capital is sapped and global firms are free to pursue their monomaniacal quest for profits unfettered by national allegiance Screpanti delves into the inner workings of global imperialism explaining how it is different from past forms of imperialism how the global distribution of wages is changing and why multinational firms have strained to break free of national markets He sees global imperialism as a developing process one with no certain outcome But one thing is clear when economic crises become opportunities to discipline workers and when economic policies are imposed through increasingly authoritarian measures the vision of a democratic and humane world is what is ultimately at stake
