analysis to elements of Alexander's 2020 dialogic framework situating the discourse in its contexts and discussing the pedagogical implications of the linguistic choices at play. In presenting this work from a range of situations and perspectives the authors strive to demonstrate how dialogic discourse plays out in educational contexts across the world. The book aims to foster further research in this direction and to inspire educators to explore dialogic discourse for themselves. It will be of interest to a wide audience including literacy researchers, linguists, teachers and teacher educators as well as graduate students.

The Unsung Heroes of Paediatric Medicine Ernest Cutz, David Wencer, 2020. Within the world of medicine the work the pathologist does is integral to positive patient outcomes but it is rare for the pathologist to actually have any interaction with their patients. Thus their work can often go unrecognized and uncelebrated. *The Unsung Heroes of Paediatric Medicine* paints a broad portrait of the myriad facets that go into the making of a superb department of paediatric pathology. Not only is it the science but it is also the people that helped to make a department such as this grow and flourish becoming one of the best if not the best in North America. Within these pages Dr Cutz walks the reader through a century of pediatric pathology at Sick Kids Hospital in Toronto Ontario. Building on both personal experience and archival material Dr Cutz's memoir touches on the history of pathology and the evolution of pediatric pathology then moves into a detailed overview of both the leadership and staff of the Department of Pathology at Sick Kids Hospital. In addition readers can follow Dr Cutz's personal journey from his research fellowship to his beginnings as a staff pathologist ending with his research advances and breakthroughs all made whilst a pathologist at Sick Kids. *Unsung Heroes* also touches on controversies, tragedies and challenging events from the hospital's history including digoxin, the Olivieri affair, the rise and fall of Charles Smith and the Mother Risk controversy among others.

The European Diaspora in Australia Bruno Mascitelli, Sonia Mycak, Gerardo Papalia, 2016-05-11. This volume provides a contemporary reflection on the journey of many former European communities that migrated to Australia in the post-war period and their stories of settlement, assimilation and integration. The chapters provide perspectives from a range of disciplines and approaches across different communities. There are common themes that emerge as well as unique issues which define these communities.
