Achievement in this qualification is benchmarked against the Council of Europe's Common European Framework of Reference for Languages (CEFR). The framework has been developed as a design tool. Please refer to the Council of Europe website for more information. This examination series targets a range of abilities from level B1 intermediate to C1 advanced of the CEFR. Based on our many years' experience in HSK and IGCSE Chinese teaching and course contents preparation, we find vocabulary level classification is so important. Students can use CEFR levels for self-assessment so that they can more clearly define what they need to work on and work out what they would like to achieve in their target language. Our Classified Chinese vocabulary list HSK and IGCSE has total 5000 vocabularies with the Best English Translation for better understanding. Many students call it LIFE SAVING STRAW for their exam. This book is a great success and encourages us to work beyond it. Based on our past experience and data collection by referring the authoritative resources like Cambridge and Oxford dictionary, here is our painstaking effort.
