Crosby,2016-04-15 The nineteenth century was we have been told the century of the poisoner when Britain and the United States trembled under an onslaught of unruly women who poisoned husbands with gleeful abandon That story however is only half true While British authorities did indeed round up and execute a number of impoverished women with minimal evidence and fomented media hysteria American juries refused to convict suspected women and newspapers laughed at men who feared them This difference in outcome doesn't mean that poisonous women didn't preoccupy Americans In the decades following Andrew Jackson's first presidential bid Americans buzzed over women who used poison to kill men They produced and devoured reams of ephemeral newsprint cheap trial transcripts and sensational true pamphlets as well as novels plays and poems Female poisoners served as crucial elements in the literary manifestos of writers from Nathaniel Hawthorne and Edgar Allan Poe to George Lippard and the cheap pamphleteer E E Barclay but these characters were given a strangely positive spin appearing as innocent victims avenging heroes or engaging humbugs The reason for this poison predilection lies in the political logic of metaphor Nineteenth century Britain strove to rein in democratic and populist movements by labeling popular print poison and its providers poisoners drawing on centuries of established metaphor that negatively associated poison women and popular speech or writing Jacksonian America by contrast was ideologically committed to the popular although what and who counted as such was up for serious debate The literary gadfly John Neal called on his fellow Jacksonian writers to defy British critical standards saying Let us have poison Poisonous Muse investigates how they answered how they deployed the figure of the female poisoner to theorize popular authorship to validate or undermine it and to fight over its limits particularly its political gendered and racial boundaries Poisonous Muse tracks the progress of this debate from approximately 1820 to 1845 Uncovering forgotten writers and restoring forgotten context to well remembered authors it seeks to understand Jacksonian print culture from the inside out through its own poisonous language **The Vanishing American Adult** Ben Sasse,2017-05-16 THE INSTANT NEW YORK TIMES BESTSELLER In an era of safe spaces trigger warnings and an unprecedented election the country's youth are in crisis Senator Ben Sasse warns the nation about the existential threat to America's future Raised by well meaning but overprotective parents and coddled by well meaning but misbegotten government programs America's youth are ill equipped to survive in our highly competitive global economy Many of the coming of age rituals that have defined the American experience since the Founding learning the value of working with your hands leaving home to start a family becoming economically self reliant are being delayed or skipped altogether The statistics are daunting 30% of college students drop out after the first year and only 4 in 10 graduate One in three 18 to 34 year olds live with their parents From these disparate phenomena Nebraska Senator Ben Sasse who as president of a Midwestern college observed the trials of this generation up close sees an existential threat to the American way of life In *The Vanishing American Adult* Sasse diagnoses the causes of a generation that can't grow up and offers a path for raising children to become active and engaged citizens He identifies core formative experiences that all young people

should pursue hard work to appreciate the benefits of labor travel to understand deprivation and want the power of reading the importance of nurturing your body and explains how parents can encourage them Our democracy depends on responsible contributing adults to function properly without them America falls prey to populist demagogues A call to arms The Vanishing American Adult will ignite a much needed debate about the link between the way we re raising our children and the future of our country **A People and a Nation** George C. Warren,2001 **The Medical Times and Register** ,1892
