Hegewald, 2025-04-21 Why did the Jainas in Karnataka plunge from a position of supremacy into one of severe dependency After a steep and steady rise throughout the region from about the fifth century CE Jaina influence waned dramatically from the late eleventh or early twelfth centuries onwards In this publication specialists in Indian history religious studies and anthropology as well as historians of art and architecture discuss various expressions of this sudden and detrimental decline and explore the reasons for it focusing in particular on the relations of the Jainas with V ra aivas and Muslims The evidence provided by the five international scholars who offer insights from different disciplinal backgrounds indicates that the reasons for the Jainas loss of authority in the region were manifold Certain internal triggers such as changes in Jaina social structure and religious practices adversely affected their position over time In particular however the withdrawal of royal patronage the success of the V ra aivas as traders and the emergence in the area at this time of a number of competing religious groups caused the Jainas to slip into a position of strong asymmetrical dependency *The Encyclopedia of Christianity* Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A

Gender and Salvation Padmanabh Jaini,Padmanabh S. Jaini,1991-01-01 Is a total renunciation of clothing a prerequisite to attaining salvation In Gender and Salvation P S Jaini brings to light heretofore untranslated texts centering on a centuries old debate between the two principal Jaina sects the Digambaras and the Svetambaras At the core of the debate is the question should gender based differences of biology and life experience condition or limit an individual's ability to accomplish the ultimate religious goal For the Digambaras the example of total nudity set by Mahavira 599 527 B C the central spiritual figure of Jainism mandates an identical practice for all who aspire to the highest levels of religious attainment For the Svetambaras the renunciation necessary occurs purely on an internal level and is neither affected nor confirmed by the absence of clothes Both sects agree however that nudity is not permitted for women under any circumstances The Digambaras therefore believe that a woman cannot attain salvation while the Svetambaras believe they can Through their analysis of this dilemma the Jaina thinkers whose texts are translated here demonstrate a level of insight into the material and spiritual constraints on women that transcends the particular question of salvation and relates directly to current debates on the effects of gender in our own society

originated in India and shares some features with Buddhism and Hinduism but it is a distinct tradition with its own key texts  
art rituals beliefs and history One important way it has often been distinguished from Buddhism and Hinduism is through the  
highly contested category of Tantra Jainism unlike the others does not contain a tantric path to liberation But in Making a  
Mantra historian of religions Ellen Gough refines and challenges our understanding of Tantra by looking at the development  
over two millennia of a Jain incantation or mantra that evolved from an auspicious invocation in a second century text into a  
key component of mendicant initiations and meditations that continue to this day Typically Jainism is characterized as a  
celibate ascetic path to liberation in which one destroys karma through austerities while the tantric path to liberation is  
characterized as embracing the pleasures of the material world requiring the ritual use of mantras to destroy karma Gough  
however argues that asceticism and Tantra should not be viewed in opposition to one another She does so by showing that  
Jains perform tantric rituals of initiation and meditation on mantras and ma alas Jainism includes kinds of tantric practices  
Gough provocatively argues because tantric practices are a logical extension of the ascetic path to liberation      **The Roar  
of Awakening** George Derfer,Zhihe Wang,Michel Weber,2013-05-02 The primary goal of this volume is to describe the  
contemporary state of affairs in Western psychotherapy and to do so in a Whiteheadian spirit with genuine openness to the  
relative ways in which creativity beauty truth and peace manifest themselves in various cultural traditions This Whiteheadian  
Dialogue explores afresh an important cross elucidatory path what have we and what can be learned from a dialogue with  
Eastern worldviews In order to generate meaningful contrasts between these different systems of thought all the papers  
address common core issues On one hand how does the given system understand the interaction of the individual society and  
nature or cosmos On the other hand what is the paradigm of all pathology and what is its typical or curative pattern

Jainism for a New World Order Siddheshwar Rameshwar Bhatt,2021-01-04 This book analyses global issues holistically

Brockington, 2005 The Intimate Other explores the theme of the devotional element in Indic Religions not only in Hinduism in which bhakti has become the dominant form but also in Buddhism Jainism Sikhism and Islam The essays by scholars of international repute show the strength of this devotion to the divine as a living and powerful source of value aesthetic imagination creativity and well being They also analyse the sometimes divergent interests of scholar and devotee problematising devotion and exposing its historical development as complex contested and political Of particular interest are the chapters on the Jain and Buddhist traditions where the existence of devotion has often been doubted or denied Contributors investigate widely ranging topics these include an analysis of bhakti within the Sanskrit epics a text historical approach to Valmiki Kabir's authorship of the poems attributed to him contemporary attitudes to devotion to the Ganga devotion within a syncretistic Jain movement in Theravada Buddhism subcontinental Sufi Islam young Sikhs in Britain and in the shared musical and poetic traditions of Hindus Sikhs and Muslims The volume ends with a sensitive exploration of the devotional love that overpowers death within the Hindu bhakti context Together they demonstrate vividly just how passionate love for the intimate other penetrates and inspires so many aspects of the religious culture of South Asia
