Castaneda's The Teachings of Don Juan, A Separate Reality & Journey to Ixtlan Martin McMahon, 1974 Thirty years ago the University of California Press published an unusual manuscript by an anthropology student named Carlos Castaneda The Teachings of Don Juan initiated a generation of seekers dissatisfied with the limitations of the Western world view embarking on a remarkable journey that has left an indelible impression on more than a million readers around the world This concise supplement to Carlos Castaneda's The Teachings of Don Juan helps students understand the overall

structure of the work actions and motivations of the characters and the social and cultural perspectives of the author This volume also covers *A Separate Reality* and *Journey to Ixtlan* **A Magical Journey with Carlos Castaneda** Margaret Runyan Castaneda,2001 Carlos Castaneda burst onto the academic and cultural scene in 1968 when he published the first of four books detailing his supposed apprenticeship with a Yaqui Indian sorcerer named Don Juan While academic critics contend Castaneda invented Don Juan believers say the fog surrounding his existence express the very ideals that Castaneda attributed to his apprenticeship Little is known of the Peruvian claiming to be Don Juan s apprentice but in addition to leading a generation into a mystical otherworld Carlos Castaneda was also a man Married to him for thirteen years was Margaret Runyan Castaneda *A Magical Journey with Carlos Castaneda* reads partly like a love story partly like a tell all account of a celebrity writer Margaret Castaneda concentrates on the years leading up to her marriage in 1960 It was then Margaret and Carlos explored many of the ideas from controlling dreams to using hallucinogenic mushrooms that he claims to have learned from Don Juan Nevertheless Margaret Castaneda believes her husband was indeed a sorcerer and she still loves him She insists Castaneda s academic critics miss the point I m willing to accept Don Juan as a spiritual teacher and it really doesn t matter if he s not real But the role she claims in developing the ideas Carlos purports to be Don Juan s ought to be recognized she says so she wrote this book **Carlos Castaneda's 9 Book Set: the Teachings of Don Juan, a Separate Reality, Journey to Ixtlan, Tales of Power, the Second Ring of Power, the Eagle's Gift, 7. the Fire from Within, the Power of Silence, the Art of Dreaming** Carlos Castaneda,2003-08-26 *Castaneda's Journey* Richard De Mille,1976 De Mille builds the first don Juan theory to fit the facts Castaneda s unorthodox UCLA career is explained His hidden learning is uncovered His private life and public character are analyzed Provided by publisher **The Wheel Of Time** Carlos Castaneda,2009-11-24 Handpicked by world renowned bestselling author Carlos Castaneda a groundbreaking collection of quotations from his landmark writings on the shamans of ancient Mexico Together these spiritual insights embody the full wisdom of the enigmatic Yaqui Indian spiritual leader don Juan Matus and reflect his most enduring lessons With an introduction and original commentary on each book written by the author this powerful volume illuminates the shaman s mystical life as never before and explores how the ancient shamans could literally direct the wheel of time a profound yet pragmatic tradition that reverberates even today **Shamanism** Andrei A. Znamenski,2004-03-11 Mircea Eliade descibed shamanism as the primal religion of humanity the archaic technique of ecstasy The books of best selling author Carlos Castaneda made it part of popular culture Since the 1960s shamanism has continued to attract the attention of scholars artists writers and the general public The most intriguing aspect of this religion is the ability of shamans to enter into contact with spirits on behalf of their communities The first eighteenth century explorers of Siberia dubbed shamanism a blatant fraud Later academic observers stamped it as neurotic delusion In the 1960s shamans were recast as wounded healers who sacrifice their lives for the spiritual well being of their communities Many current writers and scholars treat

shamanism as ancient wisdom that has much to teach us about true spirituality This anthology tells the story of shamanism in Eurasia North and South America Africa and Australia It brings together for the first time fifty six articles and book excerpts by anthropologists psychologists religious scholars and historians illustrating the variety of views on this subject **The Curious Case of Dr. Castaneda's Twelve Pages of Field Notes** F. Lawrence Fleming,2023-01-05 My previous book about the author Carlos Castaneda *Making Sense of the Life and Works of Carlos Castaneda* F Lawrence Fleming published 2018 was an attempt to show that although evidence appears to show that Castaneda did actually work with a Yaqui Indian sorcerer the publications concerning his fieldwork were largely fraudulent In this present book I shall attempt to show what sort of person the character don Juan in the books by Carlos Castaneda may have been in real life and how his remarkable personal philosophy can be inferred from what I assert is Castaneda s grossly corrupted version of the teachings of Don Juan in his published works *The Way of Magic* Gordon Strong,2012 The multiple strands which make up the Western Mystery Tradition can present a bewildering tangle of paths for the seeker to negotiate and this book provides the roadmap by exploring them with clarity and insight Gordon Strong who has written various books on the Arthurian legends Tarot the goddess and sacred stone circles is uniquely placed to offer this journeyman s guide to magic Meditation and contacts Tarot Qabalah shamanism and polarity magic are covered as are the British and Egyptian mysteries The Way of Magic explores the path of ancient secrets as well as more modern adaptations of them winding through the enigmatic codices of Egypt and the early shamen through to the modern use of Qabalah and practical magic today Strong follows an established path with the fervour of a pioneer making new connections and bringing fresh insights to age old teachings He contends that wisdom does not automatically follow in the wake of a great deal of information no matter how comprehensive and proceeds to offer a practitioner s manual for ritual magic that emphasises commitment and self discipline This book will be an invaluable guide to any student of the mysteries looking to find some clarity in making their way forward It will also appeal to those interested in the history of various mystery schools and their impact upon philosophical thought *Making Sense of the Life and Works of Carlos Castaneda* F. Fleming,2018-08-04 The Teachings of Don Juan A Yaqui Way of Knowledge purportedly a legitimate work of anthropology describing author Carlos Castaneda s apprenticeship to a Mexican Indian sorcerer was first published in 1968 and was followed by eleven more books by this author All of his books achieved a very wide readership To the dismay of many of his devoted readers however Castaneda has been shown to have been a charlatan arguably the most infamous charlatan of the twentieth century But what if the Mexican sorcerer Juan Matus with whom Castaneda claimed he had studied were shown to have been a real person I believe the circumstantial evidence strongly suggests that he was Might these books not be read or reread with replenished interest and purpose **The Beauty of the Primitive** Andrei A.
