Lullabies for Little Criminals Heather O'Neill, 2016-04-05 A beautiful book There are phrases in here that will make you laugh out loud and others that will stop your heart A definite triumph David Rakoff author of Love Dishonor Marry Die Cherish Perish From Heather O'Neill the Giller shortlisted author of Daydreams of Angels and The Girl Who Was Saturday Night a heartbreaking and wholly original novel about a young girl fighting to preserve a bruised innocence on the feral streets of a big city Baby all of thirteen years old is lost in the gangly coltish moment between childhood and the strange pulls and temptations of the adult world Her mother is dead her father Jules is always on the lookout for his next score Baby knows that chocolate milk is Jules slang for heroin and sees a lot more of that in her house than the real article But she takes vivid delight in the scrappy bits of happiness and beauty that find their way to her and moves through the threat of the streets as if she's been choreographed in a dance Soon though a hazard emerges that is bigger than even her hard won survival skills can handle Alphonse the local pimp has his eye on her for his new girl he wants her body and soul and what the johns don't take he covets for himself At the same time a tender and naively passionate friendship unfolds with a boy from her class at school who has no notion of the dark claims on her which even her father lost on the nod cannot totally ignore Jules consigns her to a stint in juvie hall and for the moment this perceived betrayal preserves Baby from terrible harm but after that her salvation has to be her own invention Channeling the artlessly affecting voice of her thirteen year old heroine with extraordinary accuracy and power O'Neill's dazzles with a novel of extraordinary prescience and power a subtly understated yet searingly effective story of a young life on the streets and the strength wits and luck necessary for survival

**The Routledge Introduction to English Canadian Literature and Digital Humanities** Paul Barrett, Sarah Roger, 2025-06-30 The Routledge Introduction to English Canadian Literature and Digital Humanities is a guide to the concepts and theories at the intersection of Canadian literary studies and digital humanities DH Equal parts theoretical and practical it focuses on debates that overlap the two domains This book historicizes the connections between the two by surveying the history of DH in Canada the tradition of Canadian writers engaging with technology and DH analyses of Canadian literature It also situates both CanLit and DH with respect to contemporary concerns about alterity and it demonstrates how digital technologies allow writers and scholars to intervene in them This book complements its theoretical discussions with a practical introduction to DH methods Using Canadian literary texts and examples from projects at the intersection of CanLit and DH it introduces key DH approaches to novice readers Topics covered include data collection data management and textual analysis as well as essential DH tools and the Python programming language A concluding case study guides readers interested in applying the ideas presented throughout Challenging Addiction in Canadian Literature and Classrooms Cara Fabre, 2016-01-01 In the richly interdisciplinary study Challenging Addiction in Canadian Literature and Classrooms Cara Fabre argues that popular culture in its many forms contributes to common assumptions about the

causes and personal and social implications of addiction Recent fictional depictions of addiction significantly refute the idea that addiction is caused by poor individual choices or solely by disease through the connections the authors draw between substance use and poverty colonialism and gender based violence With particular interest in the pervasive myth of the Drunken Indian Fabre asserts that these novels reimagine addiction as social suffering rather than individual pathology or moral failure Fabre builds on the growing body of humanities research that brings literature into active engagement with other fields of study including biomedical and cognitive behavioural models of addiction medical and health policies of harm reduction and the practices of Alcoholics Anonymous The book further engages with critical pedagogical strategies to teach critical awareness of stereotypes of addiction and to encourage the potential of literary analysis as a form of social activism
