Set among the very rich in 1870s New York it tells the story of Newland Archer a young lawyer engaged to marry virginal socialite May Welland when he meets her cousin Countess Ellen Olenska a woman unbound by convention and surrounded by scandal As all three are drawn into a love triangle filled with sensuality subtlety and betrayal Archer faces a harrowing choice between happiness and the social code that has ruled his life The resulting tale of thwarted love is filled with irony and surprise struggle and acceptance Recipient of the first Pulitzer Prize for fiction ever awarded to a woman this great novel paints a timeless portrait of society still unmatched in American literature an arbitrary capricious social elite that professes inviolable standards but readily abandons them for greed and desire Quiet Invaders Revisited Günter Bischof, 2017-07-12 sterreichische Einwanderung in die USA Die vorliegende Publikation beleuchtet das Thema der Migration von sterreichern in die USA genauer das bis heute ein immer noch sehr unerforschtes Gebiet ist Seit kurzer Zeit erlebt die Forschung allerdings einen neuen Aufschwung es herrscht gro es Interesse vor allem in der Biografieforschung Die vorliegenden Beitr ge basieren auf einer Tagung die im Juni 2015 in Wien zum gleichnamigen Thema stattgefunden hat Es handelt sich haupts chlich um Fallstudien ber emigrierte sterreicher die ihre Heimat aus wirtschaftlichen politischen oder karrieretechnischen Gr nden verlassen haben Alle mussten sich mit einer schwierigen Einwanderungspolitik der USA auseinandersetzen trotzdem ist den meisten von ihnen eine erfolgreiche Integration in die amerikanische Gesellschaft gelungen The essays in this book argue that the United States served as a great attraction for economic betterment to Austrian migrants before and World War I yet a third of these migrants actually remigrated Remigration was less likely after World War I as the economic situation deteriorated in Europe and the political situation landscape became desperate for Jews and the opponents of the Hitler regime Most of the Austrians migrating to the U S in the World War II era stayed For the roughly 30 000 Jews who had been brutally kicked out of their homes after the Anschluss and managed to snag immigration papers to the U S returning to desperately poor and still anti Semitic Austria was not an option These case studies show that integrating and assimilating into the American mainstream often was a difficult process that might take two generations Many of the intellectuals and academics never fully felt at home in the U S as they viewed American culture shallow and American values too materialistic Good Book Jill Hicks-Keeton, 2023-10-03 Good Book interrogates how white evangelical Christians in the US make the Bible the Good Book An inanimate object with a contested table of contents ripe for multiple meanings and uses the Bible cannot be a moral agent on its own People must make it so as indeed they have As prevailing social norms change evangelical Christians confront intellectual and interpretive challenges as they quest to make an ancient book newly relevant and ever benevolent especially for historically oppressed populations While histories show us that white Christians in the US have frequently appealed to their Bibles in support of issues now judged to be on the wrong side of history including racism sexism and colonialism contemporary white evangelical figures have in recent years worked steadfastly to defend the Bible against charges of complicity in harm This is especially the case when it comes to patriarchy

and the place of women as evangelicals conscript the Bible into arguments for and against patriarchal normativity in response to changing conceptions of what is good The Bible's historical origins in the hierarchical patriarchal contexts of the ancient world create challenges for any Christian seeking to interpret their Bible as fundamentally liberative Good Book shows the creative negotiations that Bible benevolence projects demand as evangelicals wrestle both Jesus and Paul into advocates for women The quest to maintain the Bible's goodness is ultimately a respectability project for evangelical Christians in the US who seek to maintain moral authority in an increasingly diverse religious landscape Whether they rebrand patriarchy or seek to untangle the Bible from sexism white evangelical Bible benevolence projects perpetuate misogyny

Linguistic Luck Abrol Fairweather, Carlos Montemayor, 2023-05-23 Despite the considerable attention the topic of luck has received in ethics and epistemology very little has been published in the philosophical literature overtly on linguistic luck The essays collected here provide the first sustained examination of the diverse forms of linguistic luck the mechanisms available to reduce the impact of linguistic luck and how to cope with residual luck not eliminated by the causal inferential and intentional mechanisms which aim at its eradication Of primary interest is not some hitherto unnoticed widespread prevalence of luck in the determinants of meaning and communication but rather the impressive extent to which luck is reduced or eliminated therein Whether through casual inferential or intentional means the determinants of meaning and communication are impressively independent of luck and chance In fact it is difficult to imagine a world with human language where efforts to communicate succeed no better than chance Linguistic communication is only possible because robust luck reducing variables are at work The essays collected seek to understand the diversity scope and mode of operation of luck reducing mechanisms in language While it is not possible here to cover the full range of linguistic phenomena affected by luck a wide range of issues in linguistics and philosophy of language are investigated including syntax processing demonstrative reference conversational implicature testimony lexical innovation joint attention communicative value conventionalism vs anti conventionalism metasemantic safety and semantic skepticism to name a few

Women's Equality in America Nancy Hendricks, 2024-01-25 Written in vivid prose and with a keen eye for detail Women's Equality in America is a valuable resource for understanding the issues and trends that dominate public discourse in discussions of women's rights and gender equality in America Since its inception the women's equality movement in America has been criticized for moving too slowly moving too quickly being too demanding or not being demanding enough Some of its goals have aroused passionate opposition in those who believed women's equality contradicted not only basic human biology but also the word of God Meanwhile Americans voice starkly different opinions about where women stand in their quest for equality in American workplaces classrooms boardrooms and homes Women's Equality in America Examining the Facts presents sensibly organized and accurate summaries of the relevant facts concerning all of these claims and counterclaims But while the volume is primarily concerned with providing an accurate picture of the state of women's equality in the 21st century it also

provides vital contextual coverage of major historical turning points and important historical figures from leaders of the Seneca Falls women's rights convention in 1848 to the organizers of the MeToo movement

Entitled Kate Manne, 2020-08-11 An urgent exploration of men's entitlement and how it serves to police and punish women from the acclaimed author of *Down Girl* Kate Manne is a thrilling and provocative

feminist thinker Her work is indispensable Rebecca Traister NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ATLANTIC In this bold and stylish critique Cornell philosopher Kate Manne offers a radical new framework for understanding misogyny Ranging widely across the culture from Harvey Weinstein and the Brett Kavanaugh hearings to Cat Person and the political misfortunes of Elizabeth Warren Manne's book shows how privileged men's sense of entitlement to sex yes but more insidiously to admiration care bodily autonomy knowledge and power is a pervasive social problem with often devastating consequences In clear lucid prose Manne argues that male entitlement can explain a wide array of phenomena from mansplaining and the undertreatment of women's pain to mass shootings by incels and the seemingly intractable notion that women are unelectable Moreover Manne implicates each of us in toxic masculinity It's not just a product of a few bad actors it's something we all perpetuate conditioned as we are by the social and cultural mores of our time The only way to combat it she says is to expose the flaws in our default modes of thought while enabling women to take up space say their piece and muster resistance to the entitled attitudes of the men around them With wit and intellectual fierceness Manne sheds new light on gender and power and offers a vision of a world in which women are just as entitled as men to our collective care and concern

Resisting Rape Culture through Pop Culture Kelly Wilz,2019-12-09 Resisting Rape Culture through Pop Culture Sex After MeToo provides audiences with constructive models of affirmative consent tender masculinity and pleasure in popular culture that work to challenge toxic dominant and hegemonic constructions While numerous scholars have illustrated the many ways mediated culture shape social understandings of sexual violence this book analyzes texts that might serve to resist rape culture This project locates how these texts manufacture cinematic or televisual narratives and in turn work to create new realities that encourage cultural and social change Kelly Wilz analyzes the ways in which we as a culture tend to understand sex through visual media and dominant cultural myths while highlighting productive texts which might serve as a

possible corrective to the ways in which sex is ritualized by rules that legitimize violence Through the lens of productive criticism Wilz examines how language and dominant ideologies around rape culture and rape myths reinforce systemic violence and how visual texts might work to reimagine how we might disrupt those ideologies and create new ways to engage in conversations around intimacy and violence By centering the voices within the MeToo movement who actively work to de normalize sexual assault and abuse these models provide a useful counter to the deluge of dehumanizing narratives about survivors and sexualized violence Scholars of pop culture women s studies media studies and social justice will find this book particularly useful
