The Multiple Worlds of Fringe Tanya R. Cochran,, Sherry Ginn, Paul Zinder, 2014-08-12 With diverse contributions from scholars in English literature psychology and film and television studies this collection of essays contextualizes Fringe as a postmodern investigation into what makes us human and as an examination of how technology transforms our humanity In compiling this collection the editors sought material as multifaceted as the series itself devoting sections to specific areas of interest explored by both the writers of Fringe and the writers of the essays humanity duality genre and viewership **My Kindle Fire** Jim Cheshire, 2012 Full color step by step tasks walk you through getting and keeping your Amazon Kindle Fire working just the way you want P 4 of cover **The Invisible Hand in Popular Culture** Paul Arthur Cantor, 2012-11-05 Popular culture often champions freedom as the fundamentally American way of life and celebrates the virtues of independence and self reliance But film and television have also explored the tension between freedom and other core values such as order and political stability What may look like healthy productive and creative freedom from one point of view may look like chaos anarchy and a source of destructive conflict from another Film and television continually pose the question Can Americans deal with their problems on their own or must they rely on political elites to manage their lives In this groundbreaking work Paul A Cantor explores the ways in which television shows such as Star Trek The X Files South Park and Deadwood and films such as The Aviator and Mars Attacks have portrayed both top down and bottom up models of order Drawing on the works of John Locke Adam Smith Alexis de Tocqueville and other proponents of freedom Cantor contrasts the classical liberal vision of America particularly its emphasis on the virtues of spontaneous order with the Marxist understanding of the culture industry and the Hobbesian model of absolute state control The Invisible Hand in Popular Culture concludes with a discussion of the impact of 9 11 on film and television and the new anxieties emerging in contemporary alien invasion narratives the fear of a global technocracy that seeks to destroy the nuclear family religious faith local government and other traditional bulwarks against the absolute state **J.J. Abrams vs. Joss Whedon** Wendy Sterba, 2016-12-08 J J Abrams and Joss Whedon are two of the most imaginative and accomplished men in Hollywood As writers directors producers and series creators their credits have straddled the mediums of television and film and range across several genres from science fiction and horror to action and drama In addition to spearheading original projects like Lost and Buffy the Vampire Slayer each has also made his mark on some of the most successful franchises in popular culture from Mission Impossible Star Trek and Star Wars Abrams to Alien and the Avengers Whedon Their output both oddly similar and yet also wildly different stand at the heart of twenty first century film and television In J J Abrams vs Joss Whedon Wendy Sterba compares the parallel careers in film and television of these creative masterminds pitting one against the other in a light hearted competition With in depth discussions of their works the author seeks to determine who is the Spielberg or perhaps the Lucas of the twenty first century The author looks back upon the beginnings of both men s careers to Whedon s

stint as a writer on Roseanne to Abrams early scripts for films like Regarding Henry and forward to their most recent blockbusters Avengers Age of Ultron and Star Wars The Force Awakens This books also looks at non fantasy successes Abrams series Felicity Whedon s adaptation of Much Ado about Nothing as well as commercial failures At the heart of this study however is a tour of their genre defining hits Alias and Buffy Lost and Angel Super 8 and Serenity along with Whedon s Avengers films and Abrams rebooted Star Trek adventures Filled with sharp eyed analysis illuminating anecdotes and unexpected connections J J Abrams vs Joss Whedon will appeal to fans of either or both of its subjects and to any fan of well told tales of the fantastic on screens large or small
