Present Lessons from Distant Days Wayland Hoyt, 2024-04-30 Reprint of the original first published in 1881

Hebraica, 1893 Proceedings of the British Meteorological Society, 1867 **Created Equal** Joshua

Berman, 2011-08-12 In *Created Equal* Joshua Berman engages the text of the Hebrew Bible from a novel perspective considering it as a document of social and political thought He proposes that the Pentateuch can be read as the earliest prescription on record for the establishment of an egalitarian polity What emerges is the blueprint for a society that would stand in stark contrast to the surrounding cultures of the ancient Near East Egypt Mesopotamia Ugarit and the Hittite Empire in which the hierarchical structure of the polity was centered on the figure of the king and his retinue Berman shows that an egalitarian ideal is articulated in comprehensive fashion in the Pentateuch and is expressed in its theology politics economics use of technologies of communication and in its narrative literature Throughout he invokes parallels from the modern period as heuristic devices to illuminate ancient developments Thus for example the constitutional principles in the Book of Deuteronomy are examined in the light of those espoused by Montesquieu and the rise of the novel in 18th century England serves to illuminate the advent of new modes of storytelling in biblical narrative Judges 1 Mark S.

Smith, Elizabeth M. Bloch-Smith, 2021-11-23 This groundbreaking volume presents a new translation of the text and detailed interpretation of almost every word or phrase in the book of Judges drawing from archaeology and iconography textual versions biblical parallels and extrabiblical texts many never noted before Archaeology also serves to show how a story of the Iron II period employed visible ruins to narrate supposedly early events from the so called period of the Judges The synchronic analysis for each unit sketches its characters and main themes as well as other literary dynamics The diachronic

redactional analysis shows the shifting settings of units as well as their development commonly due to their inner textual reception and reinterpretation The result is a remarkably fresh historical critical treatment of 1 1 10 5 *Divination as Science* Jeanette C. Fincke,2016-06-21 There is no doubt that Ancient Near Eastern divination is firmly rooted in religion since all ominous signs were thought to have been sent by gods and the invocation of omens was embedded in rituals Nonetheless the omen compendia display many aspects of a generally scientific nature In their attempt to note all possible changes to the affected objects and to arrange their observations systematically for reference purposes the scholars produced texts that resulted in a rather detailed description of the world be it with respect to geography the urban or rural environment on earth or celestial and meteorological phenomena observed in the sky biology the outer appearance of the bodies of humans or animals or the entrails of sheep sociology behavior of people or others Based on different divination methods and omen compendia the question discussed during this workshop was whether the scholars had a scientific approach presented as religion or whether Ancient Near Eastern divination should be considered purely religious and that the term science is inappropriate in this context The workshop attracted a large audience and lively discussion ensued The papers presented in this volume reflect the focus of the sessions during the workshop and are likely to generate even more discussion now that they are published **Arabian Sinai** Janet Tyson,2024-11-01 The last King of Babylon Nabonidus led a handful of Israelites to Jerusalem after the fall of his kingdom and devised a new religion at a nondescript mesa in the Arabian Desert later called Sinai *Conditions of Nervous Anxiety and their Treatment* Wilhelm Stekel,2021-06-28 This antiquarian book contains Wilhelm Stekel s 1923 treatise on nervous anxiety *Conditions of Nervous Anxiety and their Treatment* A fascinating and informative analysis on the subject this book will appeal to those with an interest in psychology and psychoanalysis and constitutes a worthy addition to collections of allied literature Contents include The Nature of Repression Basic Concepts of Anxiety Neurosis Clinical Picture of Anxiety Neurosis The Anxiety Attack Clinical Picture of Anxiety Neurosis Anxiety Neurosis with Cardiac Phenomena Clinical Picture of Anxiety Neurosis Digestive Disturbances etcetera Wilhelm Stekel 1868 1940 was an Austrian psychologist and physician He was an early follower of the seminal Sigmund Freud often described as Freud s most distinguished pupil and commonly hailed as one of the founding fathers of modern psychoanalytical methodology Many vintage texts such as this are increasingly scarce and expensive and it is with this in mind that we are republishing this volume now in an affordable modern high quality edition It comes complete with a specially commissioned new biography of the author *Paradox and the Prophets* Daniel H. Weiss,2012-06-21 Weiss examines the style and method of Hermann Cohen s magnum opus *Religion of Reason out of the Sources of Judaism* Through philosophical and scriptural analyses Weiss argues for a new reading of this long misunderstood book demonstrating Cohen s continuing significance for Jewish thought and for philosophy of religion more broadly

Whispering the Secrets of Language: An Emotional Quest through **From Distant Days**

In a digitally-driven earth where displays reign supreme and immediate conversation drowns out the subtleties of language, the profound techniques and psychological subtleties hidden within words usually go unheard. However, nestled within the pages of **From Distant Days** a interesting literary treasure pulsating with raw thoughts, lies an extraordinary journey waiting to be undertaken. Composed by an experienced wordsmith, this charming opus encourages viewers on an introspective trip, delicately unraveling the veiled truths and profound influence resonating within the cloth of every word. Within the psychological depths with this poignant evaluation, we shall embark upon a genuine exploration of the book is key styles, dissect their interesting writing type, and fail to the powerful resonance it evokes serious within the recesses of readers hearts.
