Industrialized building **Low Vision Matters** Laura Stevens, MSci, Thomas Blackman, 2025-01-31 According to the Centers for Disease Control and Prevention CDC over seven million people in the US alone suffer from severe vision loss or blindness. In the past, low vision was truly a life-altering condition. Those seemingly everyday tasks that were once so simple instead became difficult whether one had to work, cook, read, drive, go out to shop, or even turn on a light switch, one's world had been completely turned upside down. Today, however, things have begun to change. With the revolution of Artificial Intelligence (AI) already underway, many of the major barriers caused by diminished or fully lost vision have been lessened or completely eliminated. In *Low Vision Matters*, authors Laura Stevens and Thomas Blackman provide a comprehensive guide to all the aids and equipment now available along with important practical advice to those who are vision-challenged. The book is divided into two parts. Part One focuses on the day-to-day activities that low vision can affect, from safety in your home or traveling outside to the handling of finances or one's home entertainment system. It discusses the latest technologies that can enable a person with eyesight problems to turn on a light, start a dishwasher, or even answer a phone through the use of oral commands, and that's just the tip of the iceberg. Part Two then provides a breakdown of the various kinds of helpful vision aid products now available. Because the authors understand the costs involved in purchasing such equipment, they include the names of those organizations and associations in an extensive Resources section along with various other crucial contacts about which those with low vision and their loved ones and caretakers need to know. Times have changed. *Low Vision Matters* provides a wealth of information that can vastly improve the daily life of a person living with vision loss or blindness. *Seabury Place* Daniel Wolfe, 2007-08-01 Daniel Wolfe, author of *Cold Ground's Been My Bed*, a Korean War memoir, brings to life his Bronx neighborhood during the Great Depression, a scene populated by characters that sound like a casting call for *Guys and Dolls*: Willie the Weasel, Luncheon Noiviss, Trench Feet, Jake the Pickleman, Pimple Ear, and the Creep. A street vendor's cart offered a baked sweet potato, a jelly apple, or shaved ice dripping with syrup. A raucous game of stickball, street hockey, or off the curb resounded with predictable arguments. Dan depicts his hilarious antics as a busboy at a Catskill Mountain resort, a first date, boat ride up the Hudson River, and the everyday caustic jokes of the boys hanging out at the candy store. But the heart and soul of Dan's childhood was found not in his colorful street life but within the two-bedroom flat that his parents made home for a family of five despite a hostile janitor, a cold radiator, and a leaky icebox. The author's relationship with his hard-working Ma and Pa illuminates this memoir. Like a long talk with old friends late into the night, *Seabury Place* is an experience you won't want to end. *Black Enterprise*, 1989-12 *BLACK ENTERPRISE* is the ultimate source for wealth creation for African American professionals, entrepreneurs, and corporate executives. Every month *BLACK ENTERPRISE* delivers timely, useful information on careers, small business, and personal finance. *LIFE*, 1972-09-22 *LIFE* Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest, most amazing collection of professional photography on the internet. Users can browse, search, and view photos of today's people and events. They have
