

HP z558 Digital Entertainment Center

Stay connected. The HP Digital Entertainment Center will make Honda feel with the rest of your home theater equipment. Connect to your TV or projector through DVI[®], VGA, component video, S-video or composite video. Enjoy digital or analog surround sound output through your A/V receiver.

Quiet but sexy. The black, brushed-aluminum finish looks at home in your living room or home theater. An ultra-quiet design keeps your focus on your entertainment experience, not on your system.

Everything at your fingertips. A single remote control gives you instant access to all your digital entertainment—TV, DVD movies, home videos, music, photos and FM radio—through Microsoft[®] Windows[®] XP Media Center Edition 2005.

TV at your speed. Three high-performance TV tuners (two standard-definition, one ATSC over-the-air[®] high-definition) and a personal video recorder (PVR) let you pause, replay and record from cable, digital cable, digital satellite, or over-the-air TV. Record up to three TV programs simultaneously.

TV on your time. Search for and record your multiseek TV shows with the included Electronic Programming Guide.^{*} You can capture single episodes or entire series onto the HP Digital Entertainment Center. You'll never miss another episode of your favorite show!

Listen in. Make your own CDs[®] or enjoy the ones you already have. You can even select individual songs, create play lists, or search for music by title, artist and album. It's like having a jukebox right in your living room!

Movie magic. Play your favorites or download new ones—and get ready for crisp, clear images and unbeatable surround sound from your big-screen TV.

Turn burn to burn. Create your own media library when you record TV shows, home videos and music onto space-saving DVDs with the DVD SuperMulti drive.^{**}

Leave a lasting impression. Use LightScribe[®] technology[†] and software to burn custom, laser-etched CD and DVD labels. It's as easy as burn, flip, burn!

Focus on fun. Transfer your latest and greatest digital photos using the front-panel 9-in-1 memory card loader. Use your remote control to create an impromptu slideshow your family will love.

Hold everything. With the 300GB[‡] internal hard drive, you'll have plenty of storage for many hours of recorded TV. Includes an additional 300 GB removable Personal Media Drive.

- * Not recommended for high-definition audio files and graphics.
- ** High definition (HD) content cannot be recorded on broadcast signal, antenna and/or cable. In areas where both over-the-air HD programs are available, reception may vary based on geographic location. An external satellite antenna has received DTV and HD signals is required for ATSC reception. Viewing HD content will require a compatible high-definition monitor, along with audio, A/D or digital broadcast content such as TV programming may be missed depending on the type of content.
- † Requires Pioneer-Color (patented by Pioneer) laser-based format system required at additional cost.
- ‡ Includes only for creation and storage of original materials and does not include the HD copy with the double layer DVD burner which supports single layer and double layer DVD media. Double layer recording does not provide capacity and allows you to store up to 8.5GB data on double layer DVD media. Double layer is a new technology. Double layer media compatibility will vary with some home DVD players and DVD-R drives.
- †† Requires LightScribe media, sold separately. LightScribe creates a grayscale image either in a standard or high-contrast format.
- ** 300GB ± 2GB (data only) storage capacity. Actual formatted capacity is less.

Give yourself more living room with the HP Digital Entertainment Center. Put all your digital entertainment—TV, music, movies, photos—into one sleek device. It's visionary home technology from a consumer technology company you can trust.
