Resources in Education, 1986 The Digestive System Michael Windelspecht, 2004-08-30 Examines the role and function of the human digestive system **The Digestive System** L. Mahendra, 1991 **The Big Slide** Nicholas F. Prayson, Richard A. Prayson, 2015 The human digestive system plays an important role in processing food in order to provide nutrients that the body can use This well illustrated text presents the basics of anatomy physiology and disease of the human digestive system by answering a series of questions relevant to the various components of this system For example in studying the stomach the following questions are examined 1 Where is the stomach located 2 What does the stomach look like 3 What does the stomach do 4 Where do gastric juices come from 5 What causes ulcers 6 What causes a stomach ache and 7 What causes burping Additionally most chapters are filled with unusual trivia related to the part of the body being discussed For example there was a 42 year old woman who complained of mild abdominal pain and had 2533 objects removed from her stomach including 947 pins The text provides a fun and interesting way to learn more about the digestive system The text is ideal whether you are looking for an entertaining and informative read on the workings of the human digestive tract or looking for a text or resource for biology or health classes **The Human Digestive System** Cassie M. Lawton, 2020-07-15 The digestive system helps humans get the most out of every meal and drink It also rids the body of unwanted substances This close examination explains the ins and outs of the digestive system including its location within the human body the organs used in digestion and ways excreting certain materials benefits the human body Its colorful photographs diagrams fact boxes and sidebars keep readers interested and offer comprehensive insight into one of the most important systems of the human body Discussion questions are included to strengthen readers understanding of this life science learning experience Digestive System Vincent Perez, 2001-03 Complete labeled illustrations of 11 portions of the digestive system Illustrations by award winning medical illustrator Vincent Perez Chart includes detailed diagrams of mouth tongue mouth salivary glands primary teeth digestive system bile pancreatic duct stomach small intestine large intestine ileocecal sphincter appendix rectum *Digestive System (Humans) (Speedy Study Guides)* Speedy Publishing, 2014-06-21 The human digestive system works by introducing water and enzymes into food in order to extract nutrients and minerals from it This process is assisted by smooth involuntary muscles along the tract that help push food along All waste products are excreted at the end of the digestive cycle Charts that show the inner workings of the digestive system make it easier for students to visualize precisely how the process works This may be easier for some people to understand by visualization rather than relying on written descriptions
