Acclaimed authors Gene E. Hall, Linda F. Quinn, and Donna M. Gollnick thoroughly prepare students to make a difference as teachers presenting first-hand stories and evidence-based practices while offering a student-centered approach to learning. From true-to-life challenges that teachers will face (reduced funding, low retention, and changing standards) to the inspiration and joy they will discover throughout their teaching careers, this text paints a realistic picture of the real life of a teacher in a post-pandemic era. Teach Janice Koch, 2023-02-06 The fifth edition of the best-selling *Teach* by Janice Koch aims to help students answer the question "Is teaching the right career for me?" Via a concise but wide-ranging exploration of the American public education system, *Teach* asks readers to imagine themselves in the classroom and develop their own ideas of what it means to be a teacher. Real-life classroom stories from teachers themselves help readers see themselves as teachers. Chapters feature the latest edTPA and InTasc Standards to structure learning as well as learning outcomes and journal prompts to give readers clear goals and ways to build their teaching skills. This new edition features major emerging issues in education including developments in technology in the classroom with both positive and negative implications, more on the STEM/STEAM and maker movements, school choice and homeschooling, sexual orientation and gender identity diversity, equity and inclusion, and the importance of personal wellness in teacher success. Throughout the text, the author references and contextualizes the effects of the COVID-19 pandemic where appropriate to reflect the ways students, teachers, and classrooms have been altered by this historic event. Combining historical and contemporary perspectives, this text helps future teachers examine the ways in which society and culture shape schools and the ways in which schools shape society and culture. **Introduction to Teaching** Don P.
