Yayoi Kusama Jo Applin,2012-10-05 A study of Kusama s era defining work a sublime miraculous field of phalluses against the background of abstraction eroticism sexuality and softness Almost a half century after Yayoi Kusama debuted her landmark installation Infinity Mirror Room Phalli s Field 1965 in New York the work remains challenging and unclassifiable Shifting between the Pop like and the Surreal the Minimal and the metaphorical the figurative and the abstract the psychotic and the erotic with references to free love and psychedelia it seemed to embody all that the 1960s was about while at the same time denying the prevailing aesthetics of its time The installation itself was a room lined with mirrored panels and carpeted with several hundred brightly polka dotted soft fabric protrusions into which the visitor was completely absorbed Kusama simply called it a sublime miraculous field of phalluses A precursor of performance based feminist art practice media pranksterism and Occupy movements Kusama born in 1929 was once as well known as her admirers Andy Warhol Donald Judd and Joseph Cornell In this first monograph on an epoch defining work Jo Applin looks at the installation in detail and places it in the context of subsequent art practice and theory as well as Kusama s own as she called it obsessional art Applin also discusses Kusama s relationship to her contemporaries particularly those working with environments abstract erotic sculpture and mirrors and those grappling with such issues as abstraction eroticism sexuality and softness The work of Lee Lozano Claes Oldenburg Louise Bourgeois and Eva Hesse is seen anew when considered in relation to Yayoi Kusama s

Modern Art and the Life of a Culture Jonathan A. Anderson,William A. Dyrness,2016-05-23 In 1970 Hans Rookmaaker published Modern Art and the Death of a Culture a groundbreaking work that considered the role of the Christian artist in society This volume responds to his work by bringing together a practicing artist and a theologian who argue that modernist art is underwritten by deeply religious concerns

Art, Music, and Mysticism at the Fin de Siècle Corrinne Chong,Michelle Foot,2024-07-29 This

edited volume explores the dialogue between art and music with that of mystical currents at the turn of the twentieth century. The volume draws on the most current research from both art historians and musicologists to present an interdisciplinary approach to the study of mysticism's historical importance. The chapters in this edited volume gauge the scope of different interpretations of mysticism and illuminate how an exchange between the sister arts unveil an underlying stream of metaphysical, supernatural and spiritual ideas over the course of the century. Case studies include Charles Tournemire, Joseph P. ladan, Erik Satie, Hilma af Klint, Jean Sibelius, František Kupka and Wassily Kandinsky. The contributors' unique theoretical perspectives and disciplinary methodologies offer expert insight on both the rewards and inevitable aesthetic complications that arise when one artform meets another. The book will be of interest to scholars working in art history, musicology, visual culture and mysticism.

Theatre and the Threshold of Death Kathleen Gough, 2024-01-25 On the eve of a global pandemic, Kathleen Gough, a theatre professor, becomes immersed in the lives of five artist-mystics, each of whom is a pioneer in her field: Hildegard of Bingen (1098-1179), the first known musical composer; Eleanora Duse (1858-1924), the first modern actor in the Western world; Simone Weil (1909-1943), philosopher, activist, and mystic whom Albert Camus called "the only great spirit of our time"; Marina Abramovic (b. 1946), the grandmother of performance art; and Hilma af Klint (1862-1944), the first known and belatedly acknowledged abstract painter. Each time Gough crosses a threshold into their world, she is compelled to attend courses, seminars, and workshops that are simultaneously about dying and healing. Curious to learn more about the relationships between art practice, dying, and healing, Gough imagines the five artists as wisdom teachers in a mystery school. In a series of eight lectures, she turns to performance theory to provide a framework for engaging with the unknown world. In "Theatre and the Threshold of Death," Gough makes a persuasive argument for the world-making power of relational thinking in our increasingly polarized age.

The Painter's Garden Sabine Schulze, 2006 For centuries, gardens have inspired artists to create masterpieces. This publication charts the painter's view on the garden in a reflection of both his personal longings as well as his thirst for new scientific discoveries.

Hilma Af Klint: Artist, Researcher, Medium Ernst Peter Fischer, Ylva Hillström, Anne Sophie Joergensen, Caroline Levander, Hedvig Martin, Tim Rudboeg, 2020-04-20

Once considered an outsider artist after her show at the Guggenheim Museum was seen by more than half a million visitors, Hilma af Klint firmly established her place in art history. She has also been the subject of documentary films and biographies. In

2013 Iris Müller-Westermann organized the first institutional exhibition of af Klint's work. Now she presents us with the latest information and research in an extensive survey show at the Moderna Museet in Malmö. Of crucial importance is the issue of spirituality in af Klint's painting: how she managed to translate both the material and the immaterial world into a pictorial vision. The accompanying exhibition catalogue is the first to investigate from a variety of perspectives the question of how this trailblazing abstract artist linked her painting to a higher consciousness. Essays by leading historians of theosophy and a quantum physicist among others provide enlightening insight into a world in which both the visualization of atoms and spiritual substances alike became artistic material: a world that fascinates us even more than ever.

Munch and Women Patricia G. Berman, Jane Van Nimen (ed.), Art Services International, 1997 This volume accompanies an exhibition organized and circulated by Art Services International. The Norwegian artist Edward Munch has had the misfortune of being labeled a woman hater. Tempering that myth is the mission of this catalogue and the accompanying exhibition. The book provides extensive evidence of Munch's varied relationships with women who were members of his family, friends, lovers, patrons and subjects of his work. Some of these alliances were loving; some were social and at least one passion ended in bitter tragedy. **Munch and Women: Image and Myth** places the artist's friendships into a unified perspective, belying the myth that Munch was a misogynist. In all 71 prints and drawings are part of this exhibition.
