TV Content Analysis Yiannis Kompatsiaris,Bernard Merialdo,Shiguo Lian,2012-03-19 The rapid advancement of digital multimedia technologies has not only revolutionized the production and distribution of audiovisual content but also created the need to efficiently analyze TV programs to enable applications for content managers and consumers Leaving no stone unturned TV Content

Analysis Techniques and Applications provides a detailed exploration of TV program analysis techniques. Leading researchers and academics from around the world supply scientifically sound treatment of recent developments across the related subject areas including systems architectures, algorithms, applications, research results, emerging approaches, and open issues. The book is organized into six parts. Content Extraction deals with automatic analysis and annotation of TV content, addressing generic semantics and concepts as well as TV content. Content Structuring examines techniques for identifying interesting parts of TV programs and supplying direct access to it. Content Recommendation explores the problem of providing users with the most relevant content, addressing the problem of an ever-increasing amount of available content. Content Quality considers visual perception and quality approaches in the multi-display TV context and the specific mobile TV scenario. Web and Social TV presents studies on Web and TV convergence and on how user-generated content in Web 2.0 applications can be used to enhance services. Content Production covers postproduction visual effects and presentation standards. Most parts start with a chapter that provides an overview of that area, followed by state-of-the-art approaches focusing on specific issues covered in that section. Reporting on recent advances in the field, the book provides you with the global view and up-to-date understanding of emerging trends needed to participate in the development of the digital TV domain.

World Guide to Television, 1999 **Reaching the Interactive Customer** Mai-lan Tomsen, Ron Faith, 2003-03-31. Reaching the Interactive Customer provides critical information for business professionals who want to understand a connected world linking businesses, customers, and service providers. It describes how the audience for interactive services has evolved and what that audience is looking for in consumer devices. This book also appeals to anyone who works on or is interested in Web-based technology because it paints a clear picture of how interactivity is evolving from the Internet to the next generation of interactivity with phones and televisions.

Two Against the Underworld - the Collected Unauthorised Guide to the Avengers Series 1

Alan Hayes, Richard McGinlay, Alys Hayes, 2017-01-26 *Two Against the Underworld* brings together eight years of research to tell the story of *The Avengers* from both sides of the camera. It has now been further revised following the recovery of the episode *Tunnel of Fear*. The authors lift the lid on all 26 Series 1 episodes. Comprehensive chapters detail the narratives in extended synopsis form as well as the production, transmission and reception of each episode and the talented personnel who made them. The creation of *The Avengers*, Ian Hendry's departure, the series' destiny and the mystery of the missing episodes are explored in a series of essays, each of which has been revised. *Avengers* writer Roger Marshall and Neil Hendry both contribute forewords to this volume. The book also boasts black and white illustrations by Shaqui Le Vesconte and 70 pages of appendices that deal in depth with the unproduced episodes of Series 1, Keel and Steed's further adventures in the comic strip *The Drug Pedlar* and the novel *Too Many Targets* and much more.

John Clare's Guide to Media Handling John Clare, 2024-11-01 This title was first published in 2003. The media is an important influence on how a company or organization is perceived. This is an insider's guide to media handling, showing readers what needs to be done to achieve media success and offering them the tools to do it. John Clare is a former ITN and Daily Mail journalist who is now a media and crisis consultant, and here he shares his experience. He offers an in-depth examination of the different media sectors: TV, radio and print, and how to make your stories relevant to them. There is a detailed explanation of how a newsroom works, based on different desks and deadlines, and how to take advantage of these. The different types of editorial pieces, news and features, are analyzed along with the circumstances in which you should target each. The book includes coverage of the use of the Internet as a vehicle for news.
