IDKD offers a unique learning experience for imaging specialists in training as well as for experienced radiologists and
clinicians wishing to be updated on the current state of the art and the latest developments in the fields of imaging and
image guided interventions This annual course is focused on organ systems and diseases rather than on modalities This year
s program deals with diseases of the abdomen and pelvis During the course the topics are discussed in group workshops and
in plenary sessions with lectures by world renowned experts and teachers While the workshops present state of the art
summaries the lectures are oriented towards future developments Accordingly this Syllabus represents a condensed version
of the contents presented under the 20 topics dealing with imaging and interventional therapies in abdominal and pelvic
diseases The topics encompass all the relevant imaging modalities including conventional X rays computed tomography clear
