

The book cover features a complex, layered illustration. In the upper left, a large, close-up face of a man with a beard and intense eyes is partially visible. Below this, a large, dark, brick-like structure dominates the center. To the right, a fiery, apocalyptic landscape with smoke and distant structures is depicted. In the foreground, several figures are shown, including a man in a dark turban and another in a green turban. The overall color palette is dominated by warm, fiery tones of orange, red, and yellow, contrasted with dark, shadowy areas.

Lapocalypse En Islam Documents:

L'Apocalypse en Islam Jean-Pierre Filiu, 2008-04-30 En 1979 La Mecque comme en 2007 en Irak des soulèvements messianiques ont branlé les villes saintes de l'Islam pour y précipiter la fin des temps Ils ont trépassé dans un bain de sang avec la participation militaire directe de l'Occident de la France en 1979 des Etats Unis en 2007 Durant le quart de siècle qui sépare ces deux insurrections un flot de propagande apocalyptique a inondé les terres d'Islam Ces pamphlets brutaux et ravageurs puisent dans des traditions multiséculaires prônant de violence et de rancune Ils reprennent les références les plus riches en malédiction et en catastrophes Ils recyclent les classiques de l'antimitisme européen jusqu'à leur conférer une valeur gnostique Et ils retournent contre une Amérique diabolisée les prophéties des apocalypses protestantes Jean Pierre Filiu nous permet ici de prendre enfin la mesure de ce phénomène trop longtemps méconnu Il en décrypte les codes d'écrits et il en explore les recoins les moins avouables Il nous décrit ses réseaux de diffusion du Canada à l'Asie du Sud Est Il nous montre comment Al Qaïda peut inscrire sa planification terroriste dans le calendrier apocalyptique Il nous explique avec quelle intensité l'invasion américaine de l'Irak a ravivé les démons d'un millénarisme vindicatif La fin du monde est un sujet sérieux surtout pour ceux qui s'y précipitent Historien et arabisant Jean Pierre Filiu est professeur associé à l'Institut d'Etudes politiques de Paris Il a déjà publié chez Fayard Mitterrand et la Palestine 2005 et Les Frontières du jihad 2006 *The Global Impact of Religious Violence* Andre Gagne, Spyridon Loumakis, Calogero A. Miceli, 2016-10-25 Acts of terror are everywhere Not one day goes by without hearing about the latest suicide bomb in Baghdad knife stabbing in Germany or shooting spree in France or in the United States A Christian extremist preacher claims that homosexuals deserve to die because he considers their lifestyle to be sinful groups like ISIS perpetrate genocide against religious minorities and call for global jihad against infidels Buddhist monks in Myanmar persecute the Rohingya for fear that the Muslim minority destroy their country and religion All these actions seem to be somehow religiously motivated where the actors claim to act in accordance with their beliefs In the midst of this spiral of violence seen across traditions and geographical locations there is a pressing need to understand why people act as such in the name of their faith The Global Impact of Religious Violence examines why individuals and groups sometimes commit irreparable atrocities and offers some solutions on how to counter religiously inspired violence Periodical Articles on Religion, 1890-1899 Ernest Cushing Richardson, 1911 Seeing Islam as Others Saw It: A Survey and Evaluation of Christian, Jewish and Zoroastrian Writings on Early Islam Robert G. Hoyland, 2014-01-10 This book offers a new approach to the vexing question of how to write the early history of Islam The first part discusses the nature of the Muslim and non Muslim source material for the seventh and eighth century Middle East and argues that by lessening the divide between these two traditions which has largely been erected by modern scholarship we can come to a better appreciation of this crucial period The second part gives a detailed survey of sources and an analysis of some 120 non Muslim texts all of which provide information about the first century and a half of Islam roughly A D 620-780 The third part

furnishes examples according to the approach suggested in the first part and with the material presented in the second part how one might write the history of this time The fourth part takes the form of excurses on various topics such as the process of Islamization the phenomenon of conversion to Islam the development of techniques for determining the direction of prayer and the conquest of Egypt Because this work views Islamic history with the aid of non Muslim texts and assesses the latter in the light of Muslim writings it will be essential reading for historians of Islam Christianity Judaism or Zoroastrianism indeed for all those with an interest in cultures of the eastern Mediterranean in its traditional phase from Late Antiquity to medieval times

Violence in Early Islam Marco Demichelis, 2021-03-25 The concept of jihad holds a prominent place in Islamic thought and history Beyond its spiritual meanings the term has historically been associated with the sweeping Arab Believers conquests of the 7 8th century BCE But given advances in our understanding of the historicity and chronology of the Qur'an and early Islamic texts is it correct to identify jihad and Islam with violent conquest In this book Marco Demichelis explores the history of the concept of jihad in the early proto Islamic centuries 7 8th Deploying an interdisciplinary approach which combines the hermeneutical study of the famous Verses of the Sword within the Qur'an itself with historical writing by Islamic chroniclers as well as non Islamic sources numismatics epigraphical and architectural evidence the book questions the relationship between the religious concept of jihad and the conquests The book argues that Christian Byzantine Foederati forces who previously fought against the Persians may have had a formative effect on the later emergence of more bellicose rhetoric In so doing it calls into question assumptions about warlike attitudes inherent within Islamic doctrine and reveals a more nuanced and complicated history of religious violence in the pre proto and early Islamic period

Inside Salafi-Jihadist Governance Marta Furlan, 2025-09-23 In the years following the Arab Spring a number of Islamist insurgent groups conquered swaths of territory across the Middle East and North Africa and began governing civilian populations These groups have been faced with the complexities of administering justice collecting taxes and providing public services such as health care and education How do Salafi jihadist armed groups which typically claim to be committed to ideological purity approach administration and what does this reveal about rule by insurgent forces This book is a groundbreaking comparative exploration of Salafi jihadist governance drawing on in depth case studies of the Islamic State in western Iraq and eastern Syria Hayat Tahrir al Sham in northwestern Syria and al Qaeda in the Arabian Peninsula in southern Yemen Marta Furlan examines rebels experiments in ruling considering issues such as the treatment of non Muslims the extent of civilian participation the use of coercive measures and the scope of social and political change She assesses whether there is a single model of Salafi jihadist governance the degree to which ideology and doctrine inform the behavior of rebel rulers and the similarities and differences between Salafi jihadists and other armed nonstate groups Offering a window into the inner workings of government and civilian life under Islamist power Inside Salafi Jihadist Governance sheds new light on rule by nonstate groups more broadly
