Pluribus Unum* Marvin V. Blake,2019-03-15 *E Pluribus Unum* From Many One is an epic story 1861 1876 chronicling the lives of two individuals One a black man Jason Ruth born into a life of perpetual slavery the other was a white woman Rebecca Billings the daughter of Henry Billings master of the Rosewood Plantation born into a pampered life of privilege as a member of the Southern aristocracy Two people one black the other white whose preordained statuses in life were at diametrically opposite ends of the South s Antebellum society Two people with absolutely nothing in common yet two people whose lives were inexorably linked due to the lust of Rebecca s father Henry Billings for his black slave Ruth Jason s mother Henry Billings s

coupling white master with his black female slave a common and socially accepted practice in the slave holding South resulted in the birth of Mandy Jason and Rebecca's sister. While Jason and Rebecca are not related by blood, Jason, who had been born before his mother Ruth caught the eye of the master and Rebecca, each shared a deep and enduring love for his and her only surviving sibling, their common link, their sister Mandy. The novel tells of Rebecca's life while raising a child of mixed blood in the South during the Civil War and during Reconstruction. It tells of Jason's life as a member of the Massachusetts 54th Infantry Division and his service as a member of the United States Army's 10th Cavalry Buffalo Soldiers. The novel examines three coexisting nineteenth-century American cultures: the recently defeated South's response to the post-Civil War era of Reconstruction; the former black slaves who are attempting to adjust to life as freedmen; and the noble nomadic hunter-gatherer society of the Plains Indians fighting to defend and to maintain their way of life.

A brief survey of British history George Townsend Warner, 1899

Ash Holly Thompson, 2001-10-01

Caitlin Ober is back in Japan teaching English in Kyushu. Some 15 years ago, as a little girl, Caitlin lived in Kyoto, but a tragic accident drove her and her family back to America. Now, guilt obscures her path, just as ashfall from a nearby volcano covers Kagoshima in dust. In a garden, Caitlin meets a teenage half-Japanese girl, Naomi, who may be someone Caitlin can save this time around. Together, the two travel to Kyoto during Obon, the festival when the dead return. Amid bonfires, temple grounds, and ghostly memories, Caitlin bravely embraces her future. *Ash* is a bittersweet novel of redemptive beauty, of startling images and alluring details. Holly Thompson lives in Kamakura and writes frequently about Japan. This is her first novel.

Doing Diversity Melinda Dooly, 2009

How teachers and students work together through discourse to construct their understanding of the context they live and work in will influence in many different ways the interaction within their classrooms. This book describes an in-depth research that used ethnomethodology and conversation analysis to study three different groups of teachers. The study highlights the teachers' perspectives concerning heterogeneity in the classroom using recordings of discussions concerning cultural and linguistic diversity. Moreover, this research examines the discourse participants' choice in the use/ deployment of categorical descriptions and reveals the speaker as positioned, interested, and accountable for meaning construction. Thus, portraits of differing preservice and inservice teachers' orientation towards linguistic and cultural diversity are analysed. By recognising these categorizations as partially bounded by previous knowledge and partially constructed in situ, the research sees meaning making by teachers as a part of their lived work of teaching. It also reveals the social nature of these categorizations because they are an inseparable element of the socially constituted fabric of language in the environment of schooling and society.
