The Decarbonization Imperative Michael Lenox, Rebecca Duff, 2021-10-19 Time is of the essence Climate change looms as a malignant force that will reshape our economy and society for generations to come If we are going to avoid the worst effects of climate change we are going to need to effectively decarbonize the global economy by 2050 This doesn't mean a modest or even a drastic improvement in fuel efficiency standards for automobiles It means 100 percent of the cars on the road being battery powered or powered by some other non carbon emitting powertrain It means 100 percent of our global electricity needs being met by renewables and other non carbon emitting sources such as nuclear power It means electrifying the global industrials sector and replacing carbon intensive chemical processes with green alternatives eliminating scope one emissions emissions in production across all industries particularly steel cement petrochemicals which are the backbone of the global economy It means sustainable farming while still feeding a growing global population Responding to the existential threat of climate change Michael Lenox and Rebecca Duff propose a radical reconfiguration of the industries contributing the most and most harmfully to this planetary crisis Disruptive innovation and a particular calibration of industry dynamics will be key to this change The authors analyze precisely what this might look like for specific sectors of the world economy ranging from agriculture to industrials and building energy and transportation and examine the possible challenges and obstacles to introducing a paradigm shift in each one With regards to existent business practices and products how much and what kind of transformation can be achieved The authors assert that markets are critical to achieving the needed change and that they operate within a larger scale of institutional rules and norms Lenox and Duff conclude with an analysis of policy interventions and strategies that could move us toward clean tech and decarbonization by 2050

Energy Policies for Sustainable Development Strategies Nnaemeka Vincent Emodi, 2016-05-18 In this book a number of long term energy scenarios are developed for Nigeria considering the impact of vital factors that may influence energy policies in the country's future energy system The energy scenarios were developed through the Long Range Energy Alternatives Planning System LEAP model The model identified the future energy demand and supply pattern using a least cost combination of technology options while limiting the emission of greenhouse gases The book presents four scenarios and key parameters considered include GDP households population urbanization and the growth rates of energy intensive sectors Further it highlights the findings of the cost benefit analysis which reveal the costs of implementing selected policies and strategies in Nigeria including those focusing on energy efficiency and fuel technology switching The book also discusses the application of the LEAP OSeMOSYS

Model in order to identify lowest cost power plants for electricity generation Some sustainable strategies that can ensure a low carbon development in Nigeria are also explored on the basis of successful country cases in relation to the Nigerian LEAP model As such the book will help policy makers devise energy and sustainable strategies to achieve low carbon development in Nigeria

Motor City Legends: Michigan's Sports Legacy Robert Reynolds,2017-01-06 Motor City Legends explores the rich history of Detroit area and Michigan related competitive sports and individual athletes through the careers of old time greats as Al Kaline Doak Walker Bobby Layne Gordie Howe Joe Louis and George Yardley Also recent legends Barry Sanders Isiah Thomas Steve Yzerman Chauncey Billups Miquel Cabrera the Fab Five defunct teams Michigan Panthers and Detroit Shock goalie fights odd Tigers trades in the 1959 60 seasons Benton Harbor s House of David baseball teams and Lions Alex Karras squaring off against pro wrestling bad man Dick the Bruiser The messy results of Gates Browns unusual slide into second base There s the time a rival ball player stole home against the Tigers twice in a single game Countless items of trivia are presented in this stroll down Michigan Sports Memory Lane Much of the book centers on a large Who s Who section of many athletic personalities who were raised in Michigan attended a local school or played on an athletic team

Global Marketing Strategy Bodo B. Schlegelmilch,2016-03-02 This book has been written for experienced managers and students in postgraduate programs such as MBA or specialized Masters programs In a systematic yet concise manner it addresses all major issues companies face when conducting business across national and cultural boundaries including assessing and selecting the most promising overseas markets evaluating market entry alternatives examining the forces that drive adaptation versus standardization of the marketing mix It looks at the various global marketing challenges from a strategic perspective and also addresses topics not usually found in international marketing texts such as aligning marketing strategies with global organizational structures managing the relationship between national subsidiaries regional headquarters and global headquarters as well as corporate social responsibility challenges and pertinent future trends that are likely to affect global business

Journalism and Ethics: Breakthroughs in Research and Practice Management Association, Information Resources,2019-05-03 In the modern hyperconnected society consumers are able to access news from a variety of channels including social media television mobile devices the internet and more From sensationalist headlines designed to attract click throughs to accusations of bias assigned to specific news sources it is more important now than ever that the media industry maintains best practices and adheres to ethical reporting By properly informing citizens of critical national concerns the media can help to transform society and promote active participation Journalism and Ethics Breakthroughs in Research and Practice examines the impacts of journalism on society and the media s responsibility to accurately inform citizens of government and non government activities in an ethical manner It also provides emerging research on multimedia journalism across various platforms and formats using digital technologies Highlighting a range of pertinent topics such as investigative journalism freedom of expression and media regulation this publication is an ideal

reference source for media professionals public relations officers reporters news writers scholars academicians researchers
and upper level students interested in journalism and journalistic ethics
