Anita Strezova

From Abacus To Zeus A Handbook Of Art History:

From Abacus to Zeus James Smith Pierce,1995 **How to Write Art History** Anne D'Alleva,2006 An invaluable handbook How to Write Art History enables students to get the most from their art history course In a clear and engaging style Anne D Alleva empowers readers to approach their coursework with confidence and energy The book introduces two basic art historical methods formal analysis and contextual analysis revealing how to use these methods in writing papers and in class discussion The common strengths and weaknesses of an art history essay are highlighted by using real examples of written work and at each stage of the writing process D Alleva offers valuable advice on developing an argument convincingly In addition she explains the most effective methods of note taking and outlines strategies for reviewing images essential tools when preparing for an exam Providing a fascinating view of the study of art history within its historical context this book will be particularly helpful for those considering a career in this rewarding discipline Fundamentals of Art History Anne D'Alleva,Michael Cothren,2021-08-05 This invaluable guide enables students to get the most from their art history course Written in an accessible style the book introduces two basic art historical methods formal analysis and contextual analysis In this new edition revising author Michael Cothren has extended the discussion on iconography and iconology as well as adding discussions on the effects of the market and museums on art Greater emphasis is placed on the global and multicultural aspects of art creation and analysis with new images and more case studies There is more step by step guidance on how to use these methods to prepare for exams and write papers Art Wilkins,1998 Art Market Research Tom McNulty,2013-12-27 This book is for art market researchers at all levels A brief overview of the global art market and its major stakeholders precedes an analysis of the various sales venues auction commercial gallery etc Library research skills are reviewed and advanced methods are explored in a chapter devoted to basic market research Because the monetary value of artwork cannot be established without reference to the aesthetic qualities and art historical significance of our subject works two substantial chapters detail the processes involved in researching and documenting the fine and decorative arts respectively and provide annotated bibliographies Methods for assigning values for art objects are explored and sources of price data both in print and online are identified and described in detail In recent years art historical scholarship increasingly has addressed issues related to the history of art and its markets a chapter on resources for the historian of the art market offers a wide range of sources Finally provenance and art law are discussed with particular reference to their relevance to dealers collectors artists and other art market stakeholders **Jesuit Art** Mia M. Mochizuki,2022-01-31 In Jesuit Art Mia Mochizuki considers the artistic production of the pre suppression Society of Jesus 1540 1773 from a global perspective Geographic and medial expansion of the standard corpus changes not only the objects under analysis it also affects the kinds of queries that arise Mochizuki draws upon masterpieces and material culture from around the world to assess the signature structural innovations pioneered by Jesuits in the history of the image When the

question of a Jesuit style is rehabilitated as an inquiry into sources for a spectrum of works the Society's investment in the functional potential of illustrated books reveals the traits that would come to define the modern image as internally networked technologically defined and innately subjective *History of Art* Horst Woldemar Janson, Anthony F. Janson, 2004 For forty years this widely acclaimed classic has remained unsurpassed as an introduction to art in the Western world boasting the matchless credibility of the Janson name This newest update features a more contemporary more colorful design and vast array of extraordinarily produced illustrations that have become the Janson hallmark A narrative voice makes this book a truly enjoyable read and carefully reviewed and revised updates to this edition offer the utmost clarity in contributions based on recent scholarship Extensive captions for the book's incredible art program offer profound insight through the eyes of twentieth century art historians speaking about specific pieces of art featured throughout Significantly changed in this edition is the chapter on The Late Renaissance in which Janson offers a new perspective on the subject tracing in detail the religious art tied to the Catholic Reform movement whose early history is little known to many readers of art history Janson has also rearranged early Renaissance art according to genres instead of time sequence and he has followed the reinterpretation of Etruscan art begun in recent years by German and English art historians With a truly humanist approach this book gives written and visual meaning to the captivating story of what artists have tried to express and why for more than 30 000 years

Hesychasm and Art Anita Strezova, 2014-09-01 Although many of the iconographic traditions in Byzantine art formed in the early centuries of Christianity they were not petrified within a time warp Subtle changes and refinements in Byzantine theology did find reflection in changes to the iconographic and stylistic conventions of Byzantine art This is a brilliant and innovative book in which Dr Anita Strezova argues that a religious movement called Hesychasm especially as espoused by the great Athonite monk St Gregory Palamas had a profound impact on the iconography and style of Byzantine art including that of the Slav diaspora of the late Byzantine period While many have been attracted to speculate on such a connection none until now has embarked on proving such a nexus The main stumbling blocks have included the need for a comprehensive knowledge of Byzantine theology a training in art history especially iconological semiotic and formalist methodologies extensive fieldwork in Macedonia Bulgaria Serbia Greece Turkey and Russia and a working knowledge of Greek Old Church Slavonic Macedonian Russian Serbian Latin as well as several modern European languages French German Russian and Italian These are some of the skills which Dr Strezova has brought to her topic Professor Sasha Grishin AM FAHA Adjunct Professor of Art History School of Literature Languages and Linguistics The Australian National University

Art in the Hellenistic World Andrew Stewart, 2014-10-06 What was Hellenistic art and what were its contexts aims achievements and impact This textbook introduces students to these questions and offers a series of answers to them Its twelve chapters and two focus sections examine Hellenistic sculpture painting luxury arts and architecture Thematically organized spanning the three centuries from Alexander to Augustus and ranging geographically

from Italy to India and the Black Sea to Nubia the book examines key monuments of Hellenistic art in relation to the great political social cultural and intellectual issues of the time It is illustrated with 170 photographs mostly in color and many never before published and contextualized through excerpts from Hellenistic literature and inscriptions Helpful ancillary features include maps appendices with background on Hellenistic artists and translations of key documents a full glossary a timeline brief biographies of key figures suggestions for further reading and bibliographical references **Indexing**

Specialties Margie Towery, 1998 This compilation focuses on the indexing of history textbooks including art history medieval and Renaissance history Latin American history and gender and sexual orientation language issues The intelligent advice of contributors will assist both new and experienced indexers who work in the field of history and related disciplines
