Good To Great Book Report:

Book Review: Good to Great by Jim Collins 50minutes,2017-03-16 It can be hard for busy professionals to find the time to read the latest books Stay up to date in a fraction of the time with this concise guide Taking a company from being good to being great is no mean feat but luckily Collins has outlined some interesting concepts to help business owners take the next step towards greatness From becoming a level 5 leader to improving your way of thinking and acting Good to Great provides all the advice you need to help your organisation flourish and grow The book has been translated into 32 languages and has featured on many bestseller lists including those of the Wall Street Journal and the New York Times for several months proving the incredible success of this business book Collins owns his own management research centre and has often collaborated with large scale organisations such as CNN and the Marine Corps of the United States who have benefitted from his profound knowledge and entrepreneurial mindset This book review and analysis is perfect for Anyone looking to take their organisation to the next level Anyone who wishes to improve their leadership skills Anyone who is interested in Collins thought provoking research in the management field About 50MINUTES COM BOOK REVIEW The Book Review series from the 50Minutes collection is aimed at anyone who is looking to learn from experts in their field without spending hours reading endless pages of information Our reviews present a concise summary of the main points of each book as well as providing context different perspectives and concrete examples to illustrate the key concepts

Summary of Good to Great Alexander Cooper,2021-02-15 Summary of Good to Great Jim Collins s Good to Great examines companies that have not only endured over time but who managed the transition from being good companies to becoming outstanding performers The eleven companies found to have taken this leap managed to outperform the stock market 6 9 times over fifteen years The author set out to understand what distinguished great organizations from a carefully selected group of companies that did not make the grade The research team came up with some unexpected outcomes At the time of the transition from Good to Great all eleven companies were being led by Level 5 Leaders These people showed a unique combination of humility and professional will They were prepared to do anything necessary for the benefit of the organization Level 5 Leaders started out not by plotting the direction of the company but by ensuring that they had all the right people in the right positions Then they confronted the brutal facts of their organization and used this knowledge to ensure that they chose the right direction for the firm Knowing what the organization should be doing and equally importantly what it should not be doing they stuck stubbornly to the plan even when they were in dire circumstances The culture of discipline within the organization ensured that the path to excellence would eventually be met Patience endurance and discipline doggedly sticking only to what the company did best resulted in outstanding results This investigation of what distinguished the great from the mediocre is an excellent study of what is needed to build great organizations Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book [Good to Great](#)
