OECD Reviews of Evaluation and Assessment in Education: Serbia Maghnouj Soumaya, Salinas Daniel, Kitchen Hannah, Guthrie Caitlyn, Bethell George, Fordham Elizabeth, 2020-03-20 This review developed in cooperation with UNICEF provides Serbia with recommendations to help strengthen its evaluation and assessment system to focus on support for student learning It will be of interest to Serbia as well as other countries looking to make more effective use of their evaluation and assessment system to improve quality and equity and result in better outcomes for all students *Evolution Education Around the Globe* Hasan Deniz, Lisa A. Borgerding, 2018-06-21 This edited book provides a global view on evolution education It describes the state of evolution education in different countries that are representative of geographical regions around the globe such as Eastern Europe Western Europe North Africa South Africa North America South America Middle East Far East South East Asia Australia and New Zealand Studies in evolution education literature can be divided into three main categories a understanding the interrelationships among cognitive affective epistemological and religious factors that are related to peoples views about evolution b designing implementing evaluating evolution education curriculum that reflects contemporary evolution understanding and c reducing antievolutionary attitudes This volume systematically summarizes the evolution education literature across these three categories for each country or geographical region The individual chapters thus include common elements that facilitate a cross cultural meta analysis Written for a primarily academic audience this book provides a much needed common background for future evolution education research across the globe Education at a Glance 2023 Sources, Methodologies and Technical Notes OECD, 2023-09-12 This publication provides additional reference material for Education at a Glance 2023 the authoritative source for data on the state of education around the world It provides guidance on the data and methodology used to calculate each indicator It also contains references to the sources and specific notes for each country School Achievement and Failure in Portuguese and Spanish Speaking Countries Edgar Galindo, Adelinda A. Candeias, Heldemerina S. Pires, Miguel Ángel Carbonero, 2018-08-31 This book is devoted to an increasingly important educational problem in the modern societies school achievement and failure School failure is presently a problem in developed as well as in developing countries In the Spanish and Portuguese speaking countries in Europe and Latin America school achievement and failure is consequently an important topic of political social and scientific discussion The following papers revise the latest research in the field from the perspective of Psychology *New Challenges in the Research of Academic Achievement: Measures, Methods, and Results* Juan Luis Castejon, José Carlos Núñez, Raquel Gilar-Corbi, Iván Manuel Jorrín Abellán, 2021-02-24 **Sex- and Gender-Based Women's Health** Sarah A. Tilstra, Deborah Kwolek, Julie L. Mitchell, Brigid M. Dolan, Michael P. Carson, 2021-01-19 This book provides primary care clinicians researchers and educators with a guide that helps facilitate comprehensive evidenced based healthcare of women and gender diverse populations Many primary care training programs in the United States lack

formalized training in women's health or if they do the allotted time for teaching is sparse. This book addresses this learning gap with a solid framework for any program or individual interested in learning about or teaching women's health. It can serve as a quick in the clinic reference between patients or be used to steer curricular efforts in medical training programs particularly tailored to internal medicine, family medicine, gynecology, nursing, and advanced practice provider programs. Organized to cover essential topics in women's health and gender-based care, this text is divided into eight sections: Foundations of Women's Health and Gender-Based Medicine; Gynecologic Health and Disease; Breast Health and Disease; Common Medical Conditions; Chronic Pain Disorders; Mental Health and Trauma; Care of Selected Populations: care of female veterans and gender-diverse patients; and Obstetric Medicine. Using the Maintenance of Certification (MOC) and American Board of Internal Medicine blueprints for examination development, authors provide evidence-based reviews with several challenge questions and annotated answers at the end of each chapter. The epidemiology, pathophysiology, evaluation, diagnosis, treatment, and prognosis of all disease processes are detailed in each chapter. Learning objectives, summary points, certain exam techniques, clinical pearls, diagrams, and images are added to enhance reader's engagement and understanding of the material. Written by experts in the field, *Sex and Gender-Based Women's Health* is designed to guide all providers regardless of training discipline or seniority through comprehensive outpatient women's health and gender-diverse care.

The Oxford Handbook of Expertise and Democratic Politics Gil Eyal, Thomas Medvetz, 2023. In *The Oxford Handbook of Expertise and Democratic Politics*, Gil Eyal and Thomas Medvetz have brought together a broad group of scholars who have engaged substantively and theoretically with debates regarding the nature of expertise and the social roles of experts to examine these areas within sociology and allied disciplines. The analyses take an historical and relational approach to the topic and are motivated by the sense that growing mistrust in experts represents a danger to democratic politics today. Bringing together investigations from social scientists, philosophers, and legal scholars into the political dimensions of expertise, this Handbook connects interdisciplinary work done in science and technology studies with the more classic concerns, topics, and concepts of sociologists of professions and intellectuals.

High-Performance Bolting Technology for Offshore Oil and Natural Gas Operations National Academies of Sciences, Engineering, and Medicine, National Academy of Engineering, Division on Engineering and Physical Sciences, National Materials and Manufacturing Board, Committee on Connector Reliability for Offshore Oil and Natural Gas Operations, 2018-07-12. Commercially significant amounts of crude oil and natural gas lie under the continental shelf of the United States. Advances in locating deposits and improvements in drilling and recovery technology have made it technically and economically feasible to extract these resources under harsh conditions. But extracting these offshore petroleum resources involves the possibility, however remote, of oil spills with resulting damage to the ocean and the coastline ecosystems and risks to life and limb of those performing the extraction. The environmental consequences of an oil spill can be more severe underwater than on land because sea

currents can quickly disperse the oil over a large area and thus cleanup can be problematic Bolted connections are an integral feature of deep water well operations High Performance Bolting Technology for Offshore Oil and Natural Gas Operations summarizes strategies for improving the reliability of fasteners used in offshore oil exploration equipment as well as best practices from other industrial sectors It focuses on critical bolting bolts studs nuts and fasteners used on critical connections *World Congress on Medical Physics and Biomedical Engineering, June 7-12, 2015, Toronto, Canada* David A. Jaffray, 2015-07-13 This book presents the proceedings of the IUPESM World Biomedical Engineering and Medical Physics a tri annual high level policy meeting dedicated exclusively to furthering the role of biomedical engineering and medical physics in medicine The book offers papers about emerging issues related to the development and sustainability of the role and impact of medical physicists and biomedical engineers in medicine and healthcare It provides a unique and important forum to secure a coordinated multileveled global response to the need demand and importance of creating and supporting strong academic and clinical teams of biomedical engineers and medical physicists for the benefit of human health
