introduction adjective 1 The amalgamation of delicious healthy fats and vegetable meals to optimize your metabolism brain hormones and overall health 2 Switching your metabolism from burning sugar to burning fat that is freedom from food cravings This is the manifesto for a new breed of health seekers and eaters The pages you are reading are for anyone who wants to ditch dieting for good and actually get healthy This book is the new manual to cut through food confusion and find out what to eat and what not to eat to lose weight crush cravings calm inflammation and achieve optimal energy levels We are over trying another unsustainable fad diet only to gain it all back and then some Let s get healthy to lose weight instead of trying to lose weight to get healthy Sustainable weight loss should be a natural by product of regained radiant health These days we have an overwhelming amount of information at our fingertips The double edged sword of Dr Google is that he can both educate us about our health and yet suffocate us with conflicting information on what the heck we should eat an endless vortex of conflicting information Dr Google is one fickle confused guy So what is the best way to your optimal health Should you focus on high meat diets like the paleo or Atkins ways of eating or will they clog your arteries and make you fat Maybe becoming a vegan or vegetarian is the answer consuming only plant food But will that deprive your body of nutrients like B vitamins and iron and don t those diets focus heavily on soy and grains and isn t that unhealthy Ketogenic will show you the clear path of exactly how to use food as medicine and optimize every system in your body Your brain hormones and metabolism will thrive in the Ketogenic state You may be thinking that s a bold statement but as a leading functional medicine practitioner rated as one of the top in the country I have seen thousands of

patients from around the world I have seen what works and what doesn't when it comes to the foods we eat. And I've distilled my years of clinical experience using the power of delicious food medicine in the pages of this book. You may have heard of the ketogenic diet. This low carbohydrate moderate protein high fat way of eating has taken the wellness world by storm. The ketogenic diet promises to shift your metabolism into a fat burning powerhouse allowing you to lose stubborn weight that you may have been holding on to for years. The ketogenic diet promises not only weight loss but also a way to improve your brain function and decrease chronic inflammation the root factor to just about every chronic health problem we face today.

Diabetes Food Plan Viduranga Waisundara, 2018-07-11 Diabetes is a global pandemic where many remedies have been recommended as means of combating the prevalence of this disease. However dietary control appears to be more effective than others. This book focuses on interventions concerning glycemic control the oxidative stress based occurrence of the disease and its prevention as well as novel remedies. While many books have been published recently on this aspect the book aims to serve as an update to the scientific community as well as to those who have been adversely affected by the disease. There are many unexplored territories when it comes to diabetes and it is hoped that this publication will open up new avenues of successfully curbing its occurrence. *The Weight Loss Plan for Beating Diabetes* Frederic Vagnini, Lawrence Chilnick, 2009-10-01 The Weight Loss Plan for Beating Diabetes is a five step plan that shows you how to overcome the metabolic roadblocks that diabetes creates.
