Year 501 Noam Chomsky,2015-03-30 The eminent political activist examines the principles and strategies of imperial violence and propaganda from American colonization to the modern day In this incisive study Noam Chomsky demonstrates that the great work of subjugation and conquest has changed little over the years Analyzing American policy and its consequences in Haiti Latin America Cuba Indonesia and even areas of the Third World developing in the United States Chomsky draws striking parallels across centuries of imperialist adventures Year 501 sets out a compelling argument that the murder and exploitation of modern day imperialism and the denialism that allows it to flourish are inextricably linked to the genocides of colonial times This edition includes a new preface by the author *Magnum* Russell Miller,2010-08-03 This book is a biography of Magnum told largely in the words of its photographers It offers a unique perspective on half a century of world history from an extraordinary group of men and women who were front line witnesses at virtually every major event in the last fifty years Wars famines natural disasters social political and environmental crises Magnum photographers were there They have been acute observers of the human condition photographing the richest people in the world the poorest the least known and the most celebrated from Marilyn Monroe to Che Guevara JFK to Nelson Mandela Picasso to Krushchev This is a multi layered story At one level it tells how a small group of photographrs among them Robert Capa Henri Cartier Bresson and George Rodger came together established and nurtured a co operative photographic agency that has survived

against all the odds to become the most famous in the world At a secondary level it is the richly anecdotal story of the photographers themselves their adventures around the world and their feelings about and reactions to their assignments

Soviet Intervention in Afghanistan Vijay Kumar Bhasin,1984 To Lose a War Jon Lee Anderson,2025-08-12 From one of the great foreign correspondents of our time author of some of the most essential reporting from Afghanistan from before 9 11 to the return of the Taliban to power in 2021 the first full accounting of that entire era combining previously published dispatches and new reporting into a single epic tapestry Jon Lee Anderson first reported from Afghanistan in the late 1980s covering the US backed mujahideen s insurrection against the Soviet backed regime in Kabul Within days of the 9 11 attacks he was again on the ground as an early eyewitness to the new war launched by the US against the Taliban and their Al Qaeda allies His reportage from the first year of the war won a number of awards and was published in book form as The Lion s Grave Dispatches from Afghanistan At the time the American military had prevailed on the battlefield and the newfound peace seemed to offer a precious space for Afghan society to restore itself and to forge a democratic future But all was not well Osama bin Laden was still in hiding the Taliban were stealthily reorganizing for a comeback and the United States was about to turn its attention to Iraq To Lose a War collects Anderson s writing from Afghanistan over a near quarter century span Containing the stories from The Lion s Grave and all of those he published since as well as important writing appearing here for the first time the book offers a chronological account of a monumental tragedy as it unfolds The colossal waste missed signals and wishful thinking that characterized the twenty year arc of the US led war in Afghanistan have consecrated it as one of the greatest foreign policy failures of the modern era and a bellwether of a larger American imperial decline
