Litronic

FOREWORD

This manual is primarily for the operator and the maintenance crew and contains information which is vital to the correct and secure operation and proper maintenance of the L690000 excavator.

It includes:

- Accident Prevention Guidelines
- Operating Instructions
- Maintenance Instructions

This Operation and Maintenance manual should be given to the L690000 and any other person, who might work on the machine. It is very important that should read the manual carefully before operating or working on the L690000 excavator and at regular intervals thereafter, for example:

- Operation, including installing and removing the attachments, trouble shooting during operation, removing production restraints, care, shipping of operating and working hours,
- Maintenance work (inspections, repairs, repairs, transportation).

The manual will make it easier for the operator to get accustomed to the hydraulic excavator and to prevent any problems due to improper handling.

All maintenance personnel should follow the operating and maintenance instructions and your L690000 excavator will give you constant and reliable service with excellent performance, reducing repair costs and down time.

In addition to the operating and maintenance guidelines in this manual, additional local and national accident prevention guidelines and environmental regulations might be applicable and must be observed.

The Operation and Maintenance Manual is part of the machine and should be left in the given compartment of the operator's cab.

Please take notice that we cannot foster any claims which could arise due to careless handling, improper operation, inadequate maintenance, use of unauthorized oils or lubricants, non-observance of the safety instructions, etc.

L690000 reserves the right to cancel any warranty claims, service contracts, etc. without prior notice if any other than Original L690000 parts or parts sold by L690000 are being used for maintenance and repairs.

This Operation and Maintenance Manual contains all necessary information to operate and maintain your Litronic track type excavator. However, should you need additional information or explanations, please contact L690000's Technical Documentation Service/Shop or Customer Service Department.
