Defying all security measures he manages to steal a shipment of nuclear material from a cargo ship destined for Japan's nuclear power reactors. Could anything be worse than this scenario? Perhaps the fact that Donald Morse knows that South African scientists developed extremely dangerous nuclear weapons during the apartheid years, weapons that the world thought were not possible to construct. Donald has information where these deadly weapons are hidden and he has plans to get them out. Ken Palmer is sent by the FBI to find Donald Morse and to arrest him. But Ken has to deal with traitors from within as well as onslaughts on his life. However, he discovers the real spine-chilling reason for Donald's need for the nuclear weapons and he realizes that Donald has to be stopped in any way possible. *Mamba's Daughters* DuBose Heyward, 1929

For the sake of her daughter and granddaughter, Mamba navigates a comic-calculated path from the lower class of plantation refugees to the more privileged class of African Americans who work for Charleston's prominent white families. **Mbazo** Lynn van Rooyen, 2014-03-27

Origin of the elephant's name: Named after Lynn van Rooyen, who served in conservation for the South African National Parks for 39 years. Mbazo meaning hatchet refers to Lynn's early years as a Ranger where he was known to lead field patrols armed only with a hatchet. From the Mouth of the Mamba William Stegall, 2002-04

This operation is based upon author's knowledge of how a Bio Terrorist operation with direct leads to the Al Qaeda Terrorist organization could have happened. Indeed, there are certain truths mixed in with this story, but it would have been considered classified by both the government of the United States and the Secretary General of the United Nations. 11 September 2001 declassified this story which began in Nazi Germany and continued into a small remote village in the Congo. There are strong ties into the Vatican, the World Health Organization, and a highly placed terrorist mastermind. The ultimate plot is to spread a deadly disease around the world with almost instant death to the people infected. This trail of terror and the pursuit of those involved will lead from New York City to Africa, Geneva, and culminate in the Caribbean Island of Curacao. **Black Mamba** John Ruganda, 2005
