This machine is no **Motor K340**, which weighs 2.8 pounds, but it's still refreshingly light to carry. Overall, the matte gray-and-black color scheme is a bit conservative, but the keys' touch and island-white layout more than make up for it.

By TrackSmart  
Excellent review, but the "Transcode test is really wonky!" How can this Core 2 Duo machine score lower than the fully 32-bit, which offers half the performance, according to iFCache's webpage? The answer is that it isn't, unless something was very wrong when you ran that test. If you still have the machine, you should repeat the test, this time because the numbers don't add up at all.
