Integrated Reporting and Performance Measurement Systems Bogusława Bek-Gaik, Anna Surowiec, 2023-11-15

Despite the development of innovative approaches to strengthen accountability and the quality of integrated reporting disclosures stakeholders are increasingly demanding more objective and unambiguous data. Therefore the use of non financial performance measures that assist in collecting comparable information and the verification thereof by independent experts can help to establish trust in a firm's communication with its stakeholders. Certainly non financial information should complement mandatory financial reporting to go beyond traditional financial ratios and link them to non financial risks and achievements. This book examines the possibility of using information provided by performance measurement systems in the process of preparing integrated reports. It presents an overview of the integrated report from the supply side which undoubtedly affects the quality and usefulness of the information presented as well as enhances the manner in which the data and analyses are suitable for independent assessment. The book looks at the ways in which various groups of stakeholders management those who prepare non financial reports investors influence the scope of the key performance indicators KPIs used for integrated reporting purposes and what categories of KPIs are the most significant. Further it analyzes which performance measurement systems provide information for the different components of integrated reports. The book is interdisciplinary its thematic scope is at the intersection of accounting business reporting and business management and thus it provides an important source of knowledge for students scholars and researchers of economics finance and management. It will also be a valuable guide for those preparing integrated reports or other forms of non financial reporting.
