Redefining Greek-US Relations, 1974-1980 Athanasios Antonopoulos,2020-08-05 This book provides the first bilateral study of Greek US relations during Greece's transition to democracy in the second half of the 1970s Following the 1974 Cyprus crisis which led to the collapse of the Greek dictatorship and Athens partial withdrawal from NATO many scholars have claimed that Greece moved away from the United States This book explicitly rejects this view It argues that Greek political leaders continued to view close relations with the United States as an integral part of Greek national security despite the disappointment felt during the Turkish invasion of Cyprus At the same time the Greek leadership could not overlook the anti American movement and had to respond to and manage it In the United States relations with Greece became part of the clash between the executive and legislative branches of government Both President Gerard R Ford and President Jimmy Carter proclaimed their commitment to restoring relations with Athens This book highlights the continuity between the Republican and Democratic

administrations of the 1970s in foreign policy objectives Drawing on Greek US and British archival records it charts the evolving connections between Greece and the United States through the Greek Turkish disputes the impact of anti Americanism and the Greek NATO relationship offering original insight into this Cold War special relationship **The Making of Indian Diplomacy** Deep K. Datta-Ray, 2015-05-21 Diplomacy is conventionally understood as an authentic European invention which was internationalised during colonialism For Indians the moment of colonial liberation was a false dawn because the colonised had internalised a European logic and performed European practices Implicit in such a reading is the enduring centrality of Europe to understanding Indian diplomacy This Eurocentric discourse renders two possibilities impossible that diplomacy may have Indian origins and that they offer un theorised potentialities Abandoning this Eurocentric model of diplomacy Deep Datta Ray recognises the legitimacy of independent Indian diplomacy and brings new practices He creates a conceptual space for Indian diplomacy to exist forefronting civilisational analysis and its focus on continuities but refraining from devaluing transformational change
