Gaff Rig

Tom explains why he likes it

Tom on board Westernman with the main triced up. Gaff rig is supremely flexible for sail area and balance

Take a dinghy tour around any anchorage and you'll see that although the bermudan sloop is now the default rig there are often other boats that break the mould. A junk-rigged schooner, perhaps, or a gaff cutter. Maybe even an unstayed carbon mast towering in aerodynamic splendour above the shining anodised forest. Who are these guys? Are they eccentrics playing out some fantasy? Are they hopeless romantics who refuse to let the past slip away, or are they innovative brains at work? The truth is, they could be any of these things.
