Gentlemen's Game English Edition:

A Gentleman's Game Greg Rucka, 2005-07-26 Tara Chace may be the most dangerous woman alive. She can seduce you into believing she's the woman of your dreams or kill you with the icy efficiency of an executioner. As the new head of Special Operations for British Intelligence, she no longer has to court death in the field; she wants to throw away the old rules, the old school, the old boy network. The world of international espionage is about to learn the hard way that spying is no longer merely *A Gentleman's Game*. Greg Rucka's electrifying thrillers have pushed the boundaries of suspense fiction to where few have dared to go. Now in *A Gentleman's Game*, one of the genre's most fearless writers brings readers of international espionage his most fearless heroine yet: a no-holds-barred woman who's as lethal as an assassin's bullet. When an unthinkable act of terror devastates London, nothing will stop Tara Chace from hunting down those responsible. Her job is simple: stop the terrorists before they strike a second time. To succeed, she'll do anything and everything it takes. She'll have to kill again. Only this time, the personal stakes will be higher than ever before. For the terrorist counterstrike will require that Tara allow herself to be used as bait by the government she serves. This time, she's turning her very life into a weapon that can be used only once. But as she and her former mentor race toward destiny at a remote terrorist training camp in Saudi Arabia, Tara begins to question just who's pulling the trigger and who's the real enemy. In this new kind of war, betrayal can take any form, including one's duty to queen and country. Based on the graphic novel series that won the coveted Eisner Award, *A Gentleman's Game* is an electrifyingly realistic headline-stealing thriller with an unforgettable protagonist, one who redefines every rule she doesn't shatter.

A Gentleman's Game Rhys Little, 2013-05-21 War game for professionals or enthusiasts. *A Gentleman's Game* can be played on many levels. Those who enjoy making military models and then pitting them in combat against other military models in the traditional war gaming way should find the rules of such games helpful. The game can also be played by those who are studying military strategy and tactics on a more professional level. Here, the war gaming element of dice rolling adds a touch of the reality randomness. This plays a part in any military enterprise. *A Gentleman's Game* is particularly suitable to those who want to play war games involving armies. This could be from any time in recorded history until around the early nineteenth century.

A Gentleman's Game Tom Coyne, 2002-04-08 Young Timmy Price's mastery of the game of golf inspires awe among the adult membership and envy among his peers at the country club. But when his father forces Timmy to become a caddy to teach him a lesson in humility, he is thrown into the hardscrabble world of the workers who make the game possible.
