From Conquest to Coexistence Koert van Bekkum,2011-01-11 Current research on ancient historiography concentrates on the relation between history and ideology while the archaeology of the Southern Levant is more and more viewed as a discipline of its own What happens when these new directions are applied to the historiography of Israel's settlement in Canaan This study offers a fresh analysis of scholarly debate a synchronic and diachronic reading of Joshua 9 1 13 7 and a critical evaluation of all the relevant archaeological evidence This leads to a new historical picture of the Late Bronze Iron Age transition in the Cisjordanian Southern Levant and to the fascinating conclusion that it was the ideology of the Israelite scribes reworking this episode that instigated them to explore their antiquarian intent

study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation To understand this controversial book the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel Ezekiel and others It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible The commentary can be used in conjunction with a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1 000 slides Journal of Microscopy and Natural Science; the Journal of the Postal Microscopical Society and the Wesley Naturalists' Society ,1888

The Jewish Annotated Apocrypha Jonathan Klawans, Lawrence M. Wills, 2020-09-29 Building on the success of the Jewish Annotated New Testament JANT and the Jewish Study Bible JSB Oxford University Press now proceeds to complete the trilogy with the Jewish Annotated Apocrypha JAA The books of the Apocrypha were virtually all composed by Jewish writers in the Second Temple period Excluded from the Hebrew Bible these works were preserved by Christians Yet no complete standalone edition of these works has been produced in English with an emphasis on Jewish tradition or with an educated Jewish audience in mind The JAA meets this need The JAA differs from prior editions of the Apocrypha in a number of ways First as befits a Jewish Annotated Apocrypha the volume excludes certain texts that are widely agreed to be of Christian origin Second it expands the scope of the volume to include Jubilees an essential text for understanding ancient Judaism and a book that merits inclusion in the volume by virtue of the fact that it was long considered part of the canon of the Ethiopian Orthodox Church the text is also revered by Ethiopian Jews Third it has restructured the order of the books so that the sequencing follows the logic that governs the order of the books in the Jewish canon Law History Prophecy Wisdom and Poetry Using the NRSV translation plus Jubilees each book of the Apocrypha is annotated by a recognized expert in the study of ancient Judaism An Introduction by the editors guides readers through the making of the volume and its contents Thematic essays by an impressive array of scholars provide helpful contexts backgrounds and elaborations on key themes

Place, Time, and Being in Japanese Architecture Kevin Nute, 2004 In addition to highlighting the human benefits of built environments which relate to particular place time and being many of the Japanese buildings examined illustrate practical strategies for revealing these universal parameters which are equally applicable beyond Japan It is suggested that wider use of some of these approaches could not only help to sustain both environmental and cultural identities against the homogenising effects of globalisation but also has the potential to heighten our appreciation of the peculiar condition of being here now Jacket
