

Geometry Remodeling Project

Due Date: _____

Name: _____ Period: _____

You are so excited! You just bought a fixer-upper for a great price. It even comes with a octagonal hot tub in the backyard. However, there is lots of work to do before you can move in. The bathrooms and kitchen need new inlaid linoleum. The baseboard in all of the rooms needs to be replaced. The bedroom and living room need new carpeting. In addition, all of the walls need to be painted. As for the hot tub, it's in pretty good shape but the outside needs to be stained and sealed and the inside needs filled up and sanitized to make sure it's ready for your house warming party!

Using the information below, find out how much your remodel is going to cost. Please show all of your computations and do a floor plan in a scaled drawing.

Information:

1. Baseboard molding costs \$1.25 per foot to buy and install.
2. The inlaid linoleum costs about \$32 per square yard to purchase and install.
3. The walls of the apartment are 9 feet high.
4. The paint you are using covers 450 square feet to the gallon and each gallon costs \$23.50.
5. The carpeting will cost \$28 per square yard to purchase and install.
6. The water proofing stain and seal you are using for the outside of the hot tub covers 50 square feet to the gallon and each gallon costs \$33.95. You will stain and seal the sides, base, and lid of hot tub.
7. You will need .5 teaspoon of chlorine for every 100 gallons of water in your hot tub. The cost of the chlorine is \$75 for 25 gallons.

<u>Room Dimensions:</u>	Living Room	Kitchen	Bedroom
Length:	24 feet	15 feet	18 feet
Width:	18 feet	12 feet	14 feet

The Bathroom is shaped like a pentagon, with each wall being 8 feet in length.

Hot Tub Dimensions:

Each side of the octagonal shaped hot tub is 24 inches and the apothem is 29 inches. Outside height of hot tub is 35 inches. The average water depth will be 23 inches.

Use the rubric on back to determine project requirements.

Geometry Remodeling Project Answers
