

COMPARE & CONTRAST

DEFINITION

To compare means to pinpoint similarities between subjects, while contrasting focuses on their differences. This method critically analyzes two or more subjects to distinguish their unique characteristics and commonalities. The analytical process of compare and contrast allows for deeper understanding and evaluation of the subjects in question.

EXAMPLES

- **Apple vs. Orange:** Both are nutritious fruits, but they differ in texture, taste, and appearance.
- **Cats vs. Dogs:** While both are popular pets, cats are usually more independent, whereas dogs often seek companionship.
- **Winter vs. Summer:** Both are seasons, but winter is cold, while summer is characterized by warmth and extended daylight.
