Renewal Worship Steven Félix-Jäger,2022-09-06 Theologian Steven F lix J ger offers a theology of renewal worship including its biblical foundations how its global nature is expressed in particular localities and how charismatic worship shapes the community of faith With this guidance the whole church might better understand what it means to pray Come Holy Spirit **Freedoms, Faiths and Futures** Andrew Singleton,Mary Lou Rasmussen,Anna Halafoff,Gary Bouma,2021-04-08 How do contemporary teenagers experience and understand religious spiritual gender and sexual diversity How are their experiences mediated by where they go to school their faith and their geographic location Are their outlooks materialist religious spiritual or do they have hybrid identities Freedoms Faiths and Futures Teenage Australians on Religion Sexuality and Diversity offers powerful insight into how teenagers make sense of the world around them Drawing on rich data from a major national study this book creates new ways of understanding the complexity of young people s lives and how school education covering diversity best addresses their world This book argues that school education focused on worldviews is founded on ways of thinking about young people that do not reflect the complexities of Generation Z s everyday experiences of diversity and their interactions with each other It argues that certain kinds of education in schools can play a significant role in developing religious literacy tolerance and positive attitudes to diversity *Nana's ballyhoo tattoo* Marthella Venter,2020-04-28 My motto in life is I am not beautiful like you I am beautiful like me If I have to think back to my school days I always think of myself as the queen of the bitches I was a snob deluxe and looked down on other people But I always say but God While I never knew Him during my early years He NEVER left me This is my story how I saw things through my brokenness The purpose of this book is for people to see that our Father can use any ordinary person and that

although your life feels normal it is full of His Goodness and Grace My story is how He prepared me for my purpose for which He created me Each of us has a unique purpose so each of us has a unique story As you read my life story look at your own life and see the Goodness and Love of our Father in it You will also be able to see why He created you and how He is preparing you for your purpose For this time this place these people His Hand is in everything before He created everything He had me in mind for my unique purpose as well as for you think about that In my opinion people can sometimes be so super spiritual that they forget to live I know because I was also there Your life is the platform that the Lord uses to prepare you for your purpose it is part of your destiny Life is like a patchwork blanket Some of the pieces are colorful other paper thin and torn some dull and others beautiful with embroidery Wonderfully made and beautiful At first I just wanted to tell you the ugly but as I ve been thinking about my life lately I ve realized that it would be unfair to do so so I decided to tell the good the bad and the ugly And the funny The Lord also gave us a sense of humor and I Luv it There are many good times I think the Lord sometimes giggles when He thinks of my past Hope that you ll enjoy my journey enjoy

Stefan Gelfgren, 2025-10-21 Why Do Christian Churches Build Congregations Online examines the different ways that Christian churches and denominations perceive and use digital media in their external work This is explored through three different case studies with dissimilar approaches to digital media to understand the prerequisites and conditions for media usage from a religious institutional perspective The case studies included are as follows The Charismatic movement with Pentecostal origin The Church of Sweden The Laestadian movement These cases range from a positive and outgoing attitude toward digital media to a hesitant and reluctant approach The highly secularized and digitally permeated Swedish society gives the context in which the religious institutions must relate and understand themselves in relation to From a mediatization approach the national context limits and sets presumptions for the negotiating process This volume provides an understanding of the relationship between external societal and internal factors such as theology and historical origin This book will also broaden the understanding of the field of digital religion and emphasize the need to discuss contemporary religion in terms of religion in a digital age
