the following three different categories: either (1) a single word or phrase, (2) a phrase or sentence, or (3) a paragraph or more. With the first two categories, the frequency of use was measured by counting the number of times the word or phrase was used in the text. With the third category, the frequency of use was measured by counting the number of paragraphs in which the word or phrase was used. The results of the analysis are presented in Table 1. The results show that the most frequent words and phrases used in the text were "the" and "and". The most frequent sentences used in the text were "The results of the analysis are presented in Table 1." and "The results of the analysis are presented in Table 1." The most frequent paragraphs used in the text were the first and last paragraphs of the text.
